- (A) The units of a college organization for instruction, research, and service are the school, department, and division.

Each of these units should normally meet the following qualitative requirements:

- (1) A recognized, discrete area of academic concern not already included within the mission of another school, department or division.
 - (2) A proposed or existing academic program at both undergraduate and graduate or graduate professional levels.
 - (3) A source of faculty members prepared to offer academic work in the subject concerned.
 - (4) An academic subject that offers research and/or public service opportunities in addition to formal classroom teaching and has the potential for developing recognition by other scholarly groups.
 - (5) An academic field that has developed or is in the process of developing a student clientele either for the purpose of major programs or as an important "service" discipline to other major programs.
 - (6) The ability to assume primary fiscal responsibility.
- (B) A particular unit may not meet all the aforementioned criteria, but the formation of a unit that does not meet all of the criteria should only be approved when circumstances dictate that approval is important to the academic development of the university.

- (C) Schools and departments shall have a minimum of ten tenure-track faculty positions spread through at least one of each of the three academic ranks of assistant professor to professor, unless persuasive academic reasons demonstrate the need for exceptions.
- (D) A school is differentiated from a department as follows:
- (1) The undergraduate or graduate work offered by a school may lead to "tagged" degrees.
 - (2) Recipients of "tagged" degrees shall be recommended for such degrees by the faculty of the appropriate school.

The head of such a unit shall be known as the chair of a division, shall have academic responsibility, and may be assigned fiscal responsibility by the respective dean of the college or director of the school. This unit shall be responsible for instruction, service, and research in a specific academic concern. Such units may be established in any field in which a new department is not feasible, but in which there is a possibility that growth in the subject may eventually lead to the status of a department. However, the determination to establish such a unit need not be based solely on the presumption that such a unit will attain this status. The status of these units shall be reviewed periodically by the council on academic affairs.
- (F) A "section" is an informal unit within a school, department, division, or academic center that is established to expedite the administration of a given academic subject. The function of a section shall be to assist the parent unit in the administration of the subject and to provide an organizational structure for relationships with professional organizations or other individuals with similar interests. The faculty member in charge shall be known as the section head. The head of the section is appointed by the administrator of the parent unit and has responsibilities delegated by the administrator of the parent unit. The formation of a section must be reported to the council on academic affairs.

The department chair and the director of a school perform a dual function. In addition to being the administrative head of the department or school, the chair or director represents the faculty of the department or school in dealing with the dean or others in the university administration. Upon the nomination of the president or their designee, the board of trustees shall appoint each chair and director for a term of four years subject to the annual review provisions of the office of academic affairs. A chair or director shall be eligible for reappointment. In selecting a chair or director, the president or their designee shall confer with the dean of the college involved. The dean, in turn, will consult with the faculty of the department or school on all campuses, as well as other appropriate university officials. The president or their designee shall give substantial weight to faculty recommendations in reaching a decision regarding a nomination or recommendation for reappointment. Department chairs and directors of schools report to the deans of their colleges.
- (B) The president or their designee may remove a chair or director during a four-year term after consultation with the voting faculty and dean of the unit involved. The views of the faculty shall be given substantial weight in arriving at any decision to remove a chair or director from office.
- (C) The duties of the chair of a department or the director of a school shall be as follows:
 - (1) To have general administrative responsibility for its program, subject to the approval of the dean of the college.
 - (2) To develop, in consultation with the faculty, a pattern of administration. This pattern of administration shall be made available to all present and prospective members of the faculty of the department or school, and a copy shall be deposited in the office of the dean of the college and in the office of the executive vice president and provost.

For purposes of defining minimum content, the following shall be included in the pattern of administration:

- (b) A statement requiring the chair to maintain minutes of all faculty meetings and to maintain records of all other actions covered by the pattern of administration.
- (c) A statement that the chair will consult with the faculty on all policy matters, and that such consideration will, whenever practicable, be undertaken at a meeting of the faculty as a whole.
- (d) A statement recognizing in principle the presumption favoring majority faculty rule on all matters covered by the pattern of administration. This statement shall further provide that whenever majority faculty rule is not followed, the department or faculty chair, or school director, or dean and director of a regional campus, whichever is the case, shall explain the reasons for the departure to enhance communication and to facilitate understanding within the department. Where possible, this statement of reasons shall be provided before the departure occurs. This explanation shall outline the decision of the majority of the faculty, the decision of the department or faculty chair, or school director, or dean and director of the regional campus, whichever is the case, and the reasons the decisions differ. The explanation shall be

communicated to the faculty in writing, where possible, or at a faculty meeting, with an opportunity provided for faculty to comment.

- (e) A statement affirming that the faculty shall be consulted in the initiation and in the review and selection of new faculty members for appointment.

This statement shall be made available to all present and prospective members of the department or school, and a copy shall be deposited in the office of the dean of the college and in the office of academic affairs. At the beginning of each four-year term of the chair of a department or the director of a school, the members of the department or school, the office of the dean of the college, and the office of academic affairs shall receive either a revision or reaffirmation of the original statement.
 - (4) To operate the business of the department or school with efficiency and timeliness.

3335-3-36 Centers and institutes.

(A) Definition of an academic center (institute).

An academic center is a non-degree granting educational unit of the university engaged in research; instruction; or clinical, outreach, or related service. An academic center is defined by its mission and scope, not its title, and may be described as a center, institute, laboratory, or similar term. Use of "center" or "institute" in the names of proposed units of the university shall be limited to academic centers, unless otherwise approved by the council on academic affairs. Academic centers are of two broad types: university centers and college centers.

University centers typically will have a substantial research/scholarship component to their mission, but also may be involved in instruction, and/or related service. Their internal funding (initial and continuing) is drawn fully, or in large part, from central university funds (e.g. office of the president, office of academic affairs, office of research). The leadership of the center will report to one or more of those offices.

College centers typically will have some mix, with variable emphases, of research/scholarship, instruction, service, clinical or outreach missions. Internal funding (initial and continuing) is drawn fully, or in large part, from one college or a small set of colleges. The leadership of the center will report to one dean or a small set of deans.

(B) Establishment, reporting, and oversight.

(1) Establishment of university centers

Proposals for university centers will be developed following the "guidelines for the establishment and review of academic centers" and submitted to the office of academic affairs for action.

The chair of the council on academic affairs (CAA), the executive vice president and provost's designee to that council, and the chair of the university research committee (URC) will review the proposal to ensure adherence to the guidelines and determine if it includes a substantial research component.

If so, a "centers subcommittee" of the council, supplemented with membership from URC, will review the proposal and bring a recommendation for action to CAA. If a substantial research component does not exist, the special subcommittee of the council (without URC involvement) will review the proposal and bring a recommendation for action to CAA.

If approved by CAA, the proposal will be sent to the university senate for final approval. That action will be communicated to the board of trustees.

(2) Establishment of college centers.

Each college will have a template for the establishment and review of centers that will be included in the college pattern of administration. Copies of college templates also will be maintained in the office of academic affairs (OAA). Proposals will be developed with adherence to the template, and submitted to the dean(s) of the college(s).

No review/action by CAA is required. The dean(s) will inform the OAA of the establishment of such a center. OAA will inform CAA, resulting in official institutional notification.

The office of academic affairs shall maintain a register of all academic centers and appropriate records concerning each one.

(3) Curricula and faculty affiliation.

Although neither university nor college centers may establish independent course offerings and degree programs, they may participate in cooperative programs involving course offerings and degree programs within existing academic units. With the approval of the council on academic affairs, the faculty of a school or college may delegate to an academic center the authority to offer courses or degree programs established under the auspices of that school or college. Proposals for any such courses or programs must be forwarded to the office of academic affairs with the signature approval of the appropriate school or college which must retain ultimate authority and responsibility for the courses or degree programs.

University faculty and staff may affiliate with the academic center under procedures approved by its oversight committee. Academic centers shall not serve as tenure initiating units.

(4) Administration.

An academic center shall be administered by a director who shall be appointed by and report to the dean, relevant vice president(s) or deans of the pertinent college(s).

(5) Oversight.

Each university and college center shall have an oversight committee, at least two-thirds of whose members are tenure track faculty from the academic units involved in the center. The director shall consult regularly with the oversight committee.

The director of each academic center shall develop in conjunction with the oversight committee a pattern of administration for the center.

(6) Review process.

All university centers will be reviewed two years after initial establishment and at four-year intervals thereafter. The centers subcommittee of CAA will conduct the review following the "guidelines for the establishment and review of centers" and bring a recommendation for action to CAA. The range of actions include: continuation, conditional continuation with a follow-up in less than four years, and termination.

All college centers will be monitored through annual reports to the college dean(s). Should significant change to a center occur, or a decision be made to abolish a center, notification of that decision will be made to the office of academic affairs and through it to CAA.

(7) Previously established centers.

All existing academic centers established outside of this rule shall be reviewed under the requirements of this rule. Those not in compliance with the rule shall be allowed one additional year to make appropriate adjustments to allow for their continuation.

Note: the request of any established center seeking to move from one type to another must be reviewed and approved by CAA.

(C) Conditional use of the term “center.”

Start-up centers are permitted. Following submission of a formal request by a vice president or dean and expedited review and approval by CAA, the term “center” may be used related to external or central funding possibilities. That action will be communicated directly to the board of trustees. Should funding not be secured within one year, the unit must request from CAA an extension of the use of the term. Once funding is secured, the appropriate process for establishment of a university or college center must be initiated within one year.

(Board approval dates: 9/8/1961, 6/4/1993, 8/1/1997, 12/4/1998, 6/7/2005, 6/6/2008, 2/01/2013, 5/19/2022)

3335-3-37 Alteration or abolition of units.

(A) Definitions.

- (1) The term unit refers to departments, schools and colleges.
- (2) For purposes of this rule, the term alteration shall refer to the consolidation or reconfiguration of units. Consolidation shall refer to the combining of two or more units, with little or no additional change. Reconfiguration shall refer to the breaking apart of existing units and their academic programs and recombining the faculty and programs into new units.
- (3) For the purposes of this rule, the term abolition shall refer to the complete elimination of a unit and the academic programs it provided.
- (4) Alteration or abolition described herein may be initiated without a declaration of financial exigency.

(B) Procedure for alteration or abolition of departments and schools.

- (1) A proposal to alter or abolish a department or school may be initiated by any of the following:
 - (a) The dean of the college administratively responsible for the department(s) or school(s) for which alteration or abolition is proposed,
 - (b) The executive vice president and provost,
 - (c) The council on academic affairs, or
 - (d) Faculty from the affected unit(s).
- (2) A proposal for alteration or abolition of a department or school must include an analysis with the following elements. It shall be the responsibility of the party making the proposal to provide this analysis.

- (a) A rationale for alteration or abolition of the department(s) or school(s) which includes a history of the formation, activities and evaluation of the performance of the unit.
 - (b) An enumeration of all faculty affected by the alteration or abolition of the department(s) or school(s).
 - (c) A person-by-person analysis of the proposed reassignment or other accommodation of the faculty identified in paragraph (B)(2)(b) of this rule, including a statement of the impact on promotion and tenure. No tenured faculty member shall be involuntarily terminated as a result of this process. However, faculty may be transferred to another unit in accordance with paragraph (C)(2) of rule 3335-6-06 of the Administrative Code, also considering the teaching, research, and service expertise of the individual.
 - (d) An analysis of the academic courses now taught by the department(s) or school(s) and provisions for their reassignment to other department(s) or school(s), if relevant.
 - (e) An analysis of the students affected by the proposal, including majors, non-majors, professional and graduate students.
 - (f) Specific proposals regarding support for currently enrolled students until degree completion.
 - (g) An analysis of the budgetary consequences to all relevant department(s) or school(s) resulting from the proposal.
 - (h) An analysis of the services lost to the rest of the university as a consequence of the proposal.
 - (i) An analysis of impact on constituencies external to the university, including alumni.
 - (j) An analysis of the impact on governance at all relevant levels as a consequence of the proposal.
 - (k) An analysis of the impact upon diversity.
 - (l) An analysis of the impact on the academic freedom and responsibility of all affected faculty.
- (3) The proposal must be discussed with affected faculty, students, and staff, who may provide written and verbal feedback. The proposal may be modified by the proposal's initiator in response to feedback. Following a thorough consultative process with affected faculty, students, staff, and others as appropriate, the college faculty shall vote on the proposal. The proposal, along with the numerical vote of the college faculty, shall then be forwarded to the council on academic affairs.
- (4) The proposal will be judged by the assessment parameters developed by the council on academic affairs and published in its guidelines. The council on academic affairs will review the proposal and will also evaluate the consultation process. It will then return the proposal to the initiator for additional work if the proposal or the consultation has been judged inadequate, or approve the proposal and send it to the university senate for consideration, or disapprove the proposal, which ends the process.

- (5) If the council on academic affairs approves the proposal, a memorandum of understanding will be developed and signed by all relevant parties.
 - (6) The university senate shall vote on the proposal. If it approves the proposal, the recommendation shall be forwarded to the president. A negative vote ends the process.
 - (7) The president shall review the proposal. If in favor, the president will forward it to the board of trustees. If the board of trustees approves the proposal, then the executive vice president and provost will appoint an oversight committee to monitor the implementation of the process. The chair of faculty council or designee, the secretary of the university senate, one member of the committee on academic freedom and responsibility, and three members of faculty council shall be appointed to the oversight committee. The purpose of the oversight committee is to safeguard the interests of affected faculty, students, and staff. Through the chair of faculty council, the oversight committee will periodically report to the university senate, review and assess outcomes, suggest changes where targets are not being met, and assure that the memorandum of understanding is upheld. The oversight committee will present a final report to the senate.
- (C) Procedure for alteration or abolition of colleges.
- (1) The council on academic affairs, the executive vice president and provost, the dean, or faculty from the affected unit may initiate a proposal to alter or abolish a college.
 - (2) A proposal for alteration and abolition of a college must include an analysis of all of the elements outlined in paragraph (B)(2) of this rule. It shall be the responsibility of the party making the proposal to provide this analysis.
 - (3) The council on academic affairs shall appoint an ad hoc committee to evaluate the proposal. The ad hoc committee shall have a majority comprised of tenure-track faculty. The charge to the ad hoc committee and the composition of that committee must be agreed upon by the council on academic affairs, the executive committee of faculty council, and the executive vice president and provost.

The ad hoc committee shall evaluate the proposal, which shall include extensive consultation with affected faculty, students, and staff, and relevant parties external to the university, as described in (B) (3) of this rule.
 - (4) The recommendation of the ad hoc committee will be forwarded to the council on academic affairs and the executive vice president and provost.
 - (5) Prior to accepting or rejecting the ad hoc committee's recommendation, the council on academic affairs will consult with faculty council and the executive vice president and provost. The faculty council response, including its vote, and a letter of recommendation from the executive vice president and provost shall be considered by the council on academic affairs. The council on academic affairs will then either terminate the process or forward its positive recommendation to the university senate.
 - (6) If the council on academic affairs approves the proposal, a memorandum of understanding will be developed and signed by all relevant parties.
 - (7) The university senate shall vote on the proposal. If it approves the proposal, the recommendation shall be forwarded to the president. A negative vote ends the process.

- (8) The president shall review the proposal. If in favor, the president shall forward it to the board of trustees. If the board of trustees approves the proposal, then the executive vice president and provost will appoint an oversight committee to monitor the implementation of the process. The chair of faculty council or designee; the secretary of the university senate, one member of the committee on academic freedom and responsibility, and three members of faculty council shall be appointed to the oversight committee. The purpose of the oversight committee is to safeguard the interests of affected faculty, students, and staff. Through the chair of faculty council, the oversight committee will periodically report to the university senate, review and assess outcomes, suggest changes where targets are not being met, and assure that the memorandum of understanding is upheld. The oversight committee will present a final report to the senate within one year of implementation.

Chapter 3335-5 Faculty, Governance, and Committees

3335-5-01 Academic freedom and responsibility.

- (A) The Ohio state university endorses full academic freedom as essential to attain the goal of the free search for truth and its free exposition. Academic freedom and academic responsibility are twin guardians of the integrity of institutions of higher learning. This integrity is essential to the preservation of a free society and explains the willingness of society historically to accept the concept of academic freedom and, in addition, to protect it through the institution of academic tenure.
- (B) The principal elements of academic freedom include the freedom of faculty to:
 - (1) Teach, conduct research, and publish research findings;
 - (2) Discuss in classrooms, in their own manner, any material that is relevant to the subject matter as defined in the course syllabus;
 - (3) Exercise their constitutional rights as citizens without institutional censorship or discipline;
 - (4) Seek changes in academic and institutional policies through lawful and peaceful means.
- (C) Academic freedom carries with it correlative academic responsibilities. The principal elements include the responsibility of faculty to:
 - (1) Meet their defined teaching, research, and service obligations;
 - (2) Pursue excellence, intellectual honesty, and objectivity in teaching, in conducting research, and in publishing research findings;
 - (3) Encourage students and colleagues to engage in free discussion and inquiry;
 - (4) Evaluate student and colleague performance on a scholarly basis;
 - (5) Refrain from persistently introducing matters that have no bearing on the subject matter of the course;
 - (6) Work with appropriate individuals and bodies to provide optimal conditions conducive to the attainment of the free search for truth and its free exposition;

- (7) Differentiate carefully between official activities as faculty and personal activities as citizens, and to act accordingly.

(Board approval dates: 9/14/1965, 5/2/1975, 3/1/1985, 6/7/2013)

3335-5-02 Appointments and continuing employment; conditions upon.

- (A) Upon nomination and recommendation by the president of the university, the board of trustees shall make all appointments to all positions within the university and approve the salaries therefor.
- (B) In defense of the freedom of those who teach and those who learn, and of the governmental system upon which such freedom is dependent, the conditions hereinafter set forth shall govern all initial appointments and continuing employment by the university.
- (C) It shall be sufficient cause for the removal of any officer, faculty or employee of the university, pursuant to the procedures set forth in rule 3335-5-04 of the Administrative Code, that such officer, employee, or teacher advocate, or have membership in an organization which is generally known to advocate the overthrow of the government of the United States, or of the state of Ohio, by force, violence or other unlawful means. (Reference is made to the provisions of section 124.36 of the Revised Code.)

(Board approval dates: 10/22/1984, 4/19/1985, 5/20/1996, 6/7/2013)

3335-5-02.1 Financial exigency.

- (A) Definition. "Financial exigency" is an imminent financial crisis which seriously jeopardizes the ability of the university as a whole to survive as an institution of excellence in teaching, research, and public service. Projections of enrollment, of instructional subsidies, and of other sources of revenues must demonstrate that the shortage of funds will be both severe and persistent and cannot be alleviated by temporary or voluntary measures, as specified in paragraph (B)(2) of this rule.
- (B) Mechanism of determination.
- (1) In the event of an imminent financial crisis, as announced and defined by the president to the university senate, the president will solicit the recommendations of the fiscal committee, as provided for under rule 3335-5-48.11 of the Administrative Code, to ascertain whether a determination of financial exigency is warranted.
- (2) The fiscal committee, acting in accordance with rule 3335-5-48.11 of the Administrative Code, shall have the responsibility to:
- (a) Review the budgetary documentation of the crisis, having full access to that documentation.
- (b) Assess whether the crisis would reduce the quality of the academic programs of the university as a whole to an unacceptable degree and would render the university unable to meet its obligations to the public.

- (c) Ascertain the extent to which consolidation or elimination of some administrative offices and services or reductions in operating and equipment budgets would alleviate the crisis.
 - (d) Ascertain the extent to which voluntary retrenchment mechanisms, including early retirement or resignation or other economic incentive plans, would alleviate the crisis.
 - (e) Make a recommendation based upon the above considerations of the need for a determination of financial exigency.
 - (f) Report the results of its deliberations to the university senate.
 - (g) Monitor the financial condition of the university during a state of financial exigency.
 - (3) Upon receipt of the report of the fiscal committee, the university senate shall make its recommendations as to whether there should be a determination of financial exigency.
 - (4) Upon receipt of the recommendations of the fiscal committee and the university senate, the president will notify the university community and the university senate of the administration's analysis and proposed response to the financial situation, allowing an opportunity to respond to questions and to solicit advice and opinions.
 - (5) In the event that the recommendations of the university senate and the president differ substantially on recommending determination of financial exigency to the board of trustees, recommendations of both shall be forwarded to the board, which has final responsibility for the determination of financial exigency. No further establishment of financial exigency will be required for one year at which time the full procedures must be invoked again.
- (C) Review of administration proposals for alleviating financial exigency.
- (1) Upon determination of a state of financial exigency and upon receipt from the executive vice president and provost of proposals, prepared in consultation with the college faculties, for curtailment of academic programs to alleviate financial exigency, the council on academic affairs shall review the proposals.
 - (2) For the purpose of this review, the council is to be an advisory committee to the president and is to report the results of its review both to the president and to the university senate.
 - (3) For this review, the council shall be chaired by a tenured faculty member of the council. If neither the chair nor the vice chair of the council is a tenured faculty member of the council, then a tenured faculty member of the council shall be elected to act as chair of the council for the review of these proposals and for the submission of results to the president and to the university senate.
 - (4) In the conduct of its review, the council is authorized to:
 - (a) Obtain explanations of the proposals or provisions thereof;
 - (b) Request or initiate changes in the proposals and seek concurrence of appropriate administrators. In the event of non-concurrence, the council will note any points of disagreement.
 - (5) All proposals are to be reviewed both individually and as a coordinated set.

- (6) In the review, the council shall:
 - (a) Consider alternatives to those proposals which would result in involuntary termination of tenured faculty members or tenure track faculty members in the probationary period;
 - (b) Determine that the proposals are consistent with established educational and academic policies of the university;
 - (c) Determine that there has been appropriate consultation with administrators, faculty, and students in the preparation of the proposals;
 - (d) Determine the extent to which the proposals affect the affirmative action commitment of the university;
 - (e) Determine that the proposals consider the effect upon students whose faculty advisers are reassigned or terminated and students whose field of study would be eliminated;
 - (f) Determine that the reassignment, economic incentive, and retraining provisions under rule 3335-5-02.2 of the Administrative Code have been considered;
 - (g) Determine that the proposals take into account the quality of relevant programs.
- (7) The council shall conduct a hearing or hearings at which appropriate administrators, faculty members, and students are invited to testify.
- (8) Within sixty days of the receipt of the proposals or such time as the president may designate, the council shall submit its report to the president and the university senate.
- (D) Ending a state of financial exigency. A state of financial exigency ends one year after determination, unless ended sooner by the board of trustees.

(Board approval dates: 10/1/1982, 5/1/1986, 11/2/1990, 5/3/1996, 6/6/1997, 12/4/1998, 5/13/1999, 6/7/2013)

3335-5-02.2 Treatment of tenured faculty members during financial exigency.

(A) Definitions and construction.

- (1) Academic program or program means:
 - (a) A college, school, department, division, or instructional unit headed by an academic administrator;
 - (b) A research or service unit, {which may or may not educate students} headed by an academic administrator;
 - (c) A coherent set of courses, or program of study, which leads to an academic degree; or

- (d) A coherent set of courses, or program of study, which does not lead to an academic degree but which serves to educate or train students (e.g., a professional certification program or a remedial program).
 - (2) Curtailed means reduced or eliminated, while preserved means not eliminated.
 - (3) Tenured faculty member means a tenured member of the tenure-track faculty.
 - (4) Tenure initiating unit (TIU) means the specific academic unit responsible for making the initial recommendation on a tenure-track faculty member's tenure status as recorded on the university tenure audit list available at the office of academic affairs. For purposes of this definition, the university tenure audit list of March 12, 1982, shall be retained, except as subsequently modified in accord with paragraph (C) of rule 3335-5-14 of the Administrative Code.
- (B) Involuntary termination of tenured faculty.
- (1) Hiring of faculty during financial exigency. The university shall not appoint new faculty while terminating tenured faculty appointments because of financial exigency unless a serious distortion in academic programs would otherwise result.
 - (2) Preservation of tenure initiating unit. A tenured faculty member whose TIU is preserved shall not be involuntarily terminated because of the curtailment of academic programs to which the faculty member is assigned.
 - (3) Administrative restructuring of tenure initiating unit. A tenured faculty member whose TIU is restructured by an administrative reorganization (e.g., by consolidation or merger with other TIU's, or by dispersal into several TIU's) shall not be involuntarily terminated for that reason. The faculty member shall be transferred to the appropriate reorganized TIU in accordance with the provisions of paragraph (C)(4) of this rule.
 - (4) Reinstitution of tenure initiating unit. If an eliminated TIU is substantively reinstituted or established within a remaining TIU within three years, the university shall offer to reappoint all terminated tenured faculty members at their previous ranks.
 - (5) Elimination of tenure initiating unit. A tenured faculty member whose TIU is scheduled for elimination shall not be involuntarily terminated for that reason until the reassignment provision of paragraph (C) of this rule and the economic incentives of paragraph (D) of this rule have been offered to all eligible faculty members in the TIU.
 - (6) Notice of termination. A termination of appointment because of the elimination of a tenure initiating unit shall become effective no sooner than June thirty of the first full academic year following the academic year in which the appointment is terminated.
 - (7) Eligibility for termination compensation. A tenured faculty member who has been involuntarily terminated because of the elimination of his or her tenure initiating unit shall be entitled to accrued benefits and such compensation as authorized by the board of trustees.
- (C) Reassignment of tenured faculty members.
- (1) Change of tenure initiating unit. If a tenured faculty member's TIU is scheduled for elimination, then the university shall offer to transfer the faculty member to any suitable authorized position in the remaining TIU's provided that a simple majority of all tenured faculty

in a TIU are willing to accept the faculty member. The evaluation of the professional qualifications of the faculty member shall be made by the faculty in the new TIU, based on considerations of the faculty member's potential contributions to the needs of the program according to the prevailing standards of the new TIU.

- (2) Reassignment to new position. A tenured faculty member whose tenure initiating unit is scheduled for elimination shall not be reassigned to another position unless that reassignment includes a change of TIU and retention of tenure. This requirement shall not preclude the possibility of employing in a non-faculty position a faculty member who has lost tenure because of resignation or involuntary termination. A faculty member shall not be obligated to accept an offer of reassignment.
- (3) Eligibility for economic incentives. A tenured faculty member who accepts an offer of reassignment according to the provisions of paragraphs (C)(1) and (C)(2) of this rule and who voluntarily resigns from the reassigned position within six months, shall be entitled to any of the economic provisions of paragraph (D) of this rule that were applicable at the time of reassignment.
- (4) Rate of compensation. Reassignment of a tenured faculty member to a different tenure initiating unit shall not be at a reduced rate of compensation. If reassignment necessitates a change of compensation base (e.g., conversion between nine-month and eleven-month appointments) then the change shall be calculated according to standard university accounting procedures.
- (5) Displacement of other employees. A tenured faculty member who is reassigned to a new tenure initiating unit shall not displace an incumbent in an existing position (e.g., a tenured faculty member in a program which is curtailed shall not be assigned to a position in another TIU held by an untenured faculty member, or to a position held by an administrative and professional employee).
- (6) Retraining of faculty. Where reassignment of a tenured faculty member according to the provisions of paragraphs (B)(1), (C)(1), or (C)(2) of this rule would be facilitated by or contingent upon a period of retraining, the faculty member shall be eligible for a reassignment training leave.

(D) Economic incentives and retraining programs.

- (1) Early retirement program. The university shall invoke the provisions of the Ohio state university early retirement program to facilitate the voluntary reduction of tenured faculty members in a curtailed academic program.
- (2) Reassignment training leave program. The university shall invoke the provisions of a reassignment training leave program to facilitate reassignment of tenured faculty members to other programs or tenure initiating units.
- (3) Other programs. The university shall invoke any other feasible methods to reduce by voluntary means the number of tenured faculty members in a curtailed academic program. Such methods could include a voluntary resignation program (e.g., a "buy-out" plan), among other possibilities.

(Board approval dates: 10/1/1982, 4/3/1996, 6/6/2014)

3335-5-02.3 Appeal procedures for tenured faculty because of termination of appointments during financial exigency.

(A) Scope and construction.

- (1) A tenured faculty member who has received a notice of termination because of financial exigency shall have the right to a hearing before a faculty hearing panel.
- (2) The responsibility for presenting the formal appeal and for responding to the hearing panel's requirements at all stages rests with the faculty member bringing the complaint ("the complainant").
- (3) The determination of financial exigency or the decision to eliminate a tenure initiating unit shall not constitute grounds for an appeal.
- (4) An appeal may be made only on the basis of a complaint over the interpretation or implementation of paragraphs (B) to (D) of rule 3335-5-02.2 of the Administrative Code. In considering complaints over implementation of the aforementioned rules, the hearing panel shall consider only whether those individuals making the decisions followed the appropriate procedures and considered the important evidence material to a fair determination.

(B) The faculty hearing committee.

- (1) Written notice of intention to appeal shall be given by the complainant within thirty days of the receipt of a termination notice. An additional thirty days will be allowed for the complainant to submit the formal appeal. The notice of intention to appeal and the formal appeal will be submitted to the executive vice president and provost and to the chair of the faculty hearing committee.
- (2) In response to each notice of intention to appeal, the faculty hearing committee shall select a hearing panel of tenured faculty members according to the provisions of rule 3335-5-48.10 of the Administrative Code. The hearing panel shall begin its review of the case not earlier than thirty days and no later than sixty days from receipt of the notice of intention to appeal, except by mutual consent of the complainant and the chair of the faculty hearing committee.
- (3) The hearing panel shall conduct an investigatory proceeding in accordance with the following provisions:
 - (a) The proceeding shall not be adversarial in nature. The proceeding shall be an investigation leading to a report on whether or not those individuals making the decision followed the appropriate procedures and considered the important evidence material to a fair determination.
 - (b) The complainant shall have the right to be present at any hearing before the panel where testimony is taken concerning the complainant's case and to bring an adviser. No formal transcript of the hearing need be made unless requested by the complainant.
 - (c) The complainant shall state the case in writing and shall have the opportunity to present the case in person to the hearing panel and to offer any evidence in support of the claim.

- (d) The person or persons responsible for the decision may be called upon by the hearing panel to demonstrate that the important and material evidence was considered.
 - (4) At the conclusion of the hearing, the hearing panel shall either dismiss the complaint or support the complaint. In either case, the panel shall record its findings in writing, providing specific responses to each charge made by the complainant, summarizing the evidence and rationale which led the panel to its decision. These findings shall be reported to the administrative officer of the tenure initiating unit, to the dean of the college in which the complainant is a member, to the executive vice president and provost, and to the complainant.
 - (5) The hearing panel shall recommend to the executive vice president and provost and to the president either that the complaint be dismissed or that corrective action be taken.
 - (6) Within thirty days of the receipt of the panel's decision, the executive vice president and provost shall respond in writing to the hearing panel and to the complainant stating what action has been recommended and the reasons therefor.
 - (7) All written documents and recorded testimony obtained by the hearing panel shall be made available to the complainant upon request.
- (C) The president.

3335-5-03 Appointment of faculty and staff; tenure.

- (A) The board of trustees shall appoint the president and all employees of the university not in the classified civil service, subject to the laws of the state of Ohio, and in the case of tenure-track faculty, to the rights and protection of tenure as provided for in these rules.
- (B) Tenure is a commitment by the university and may be earned by all individuals with tenure-track faculty status subject to successful completion of a probationary period. Tenure-track faculty status is defined in rule 3335-5-19 of the Administrative Code.
- (C) The protections of tenure and academic freedom extend to all levels of faculty responsibility within the university in accordance with rule 3335-5-01 of the Administrative Code and are not restricted to activities identified with specific instructional, research or public service programs.
- (D) Tenure is lost only by formal resignation, by voluntary reduction of appointment below fifty per cent of service to the university except in the case of an approved leave of absence, by retirement, by transfer to clinical/teaching/practice, research, or associated faculty status, or may be terminated by reason of proved incompetence or grave misconduct in accordance with rule 3335-5-04 of the

Administrative Code, for causes set forth in rule 3335-5-02 of the Administrative Code, or under the conditions of bona fide financial exigency, as specified in rule 3335-5-02.1 of the Administrative Code.

- (E) Tenured members of the faculty who serve the university as administrators do not lose tenure by virtue of being administrators.

(Board approval dates: 8/1/1997, 6/7/2005, 6/6/2014, 5/31/2019)

3335-5-04 Procedures for complaints of misconduct made against faculty members.

- (A) This rule shall apply to all formal complaints of misconduct against faculty members as defined in rule 3335-5-19 (A) and (B). Complaints may be filed under this rule against any individual with a faculty appointment, including administrators who hold such appointments.

- (1) Complaints about the performance of administrators in their administrative capacity must be brought pursuant to applicable rules or policies for those administrative positions; all complaints against administrators who hold faculty appointments relating to the violation of applicable law, university policies or rules, or unit governance documents (other than those related to the performance of the administrator's duties) must be brought under this rule.

- (B) Complaints shall proceed under the general procedures set forth in this rule and the specific procedures set forth in the following four subsections based on the nature of the allegations.

- (1) Complaints involving allegations of failure to meet faculty obligations shall proceed under rule 3335-5-04.1. A faculty member may be disciplined under this rule and may be terminated if the conduct constitutes serious failure to meet faculty obligations for violations established under rule 3335-5-04.1(A).
- (2) Complaints involving allegations of research misconduct shall proceed under rule 3335-5-04.2. A faculty member may be disciplined up to and including termination for violations established under this rule.
- (3) Complaints involving allegations of sexual misconduct, workplace violence, whistleblower retaliation, discrimination, harassment, and retaliation based on protected status shall proceed under rule 3335-5-04.3. A faculty member may be disciplined up to and including termination for violations established under this rule.
- (4) Complaints involving allegations of violations of applicable law, university policies or rules, or unit governance documents shall proceed under rule 3335-5-04.4, unless they fall under rule 3335-5-04.2 or 3335-5-04.3. A faculty member may be disciplined under this rule, and may be terminated if the conduct constitutes grave misconduct or non-trivial financial fraud for violations established under rule 3335-5-04.4(A)(1)–(2).

- (C) Conflicts:

- (1) No administrator may act in their administrative capacity in the consideration of any complaint naming them as respondent. If a complaint names a department chair, school director, or a dean as respondent, the executive vice president and provost (hereinafter "provost") shall appoint an equivalent rank administrator from another department or college to perform the responsibilities of the named official under this rule. If a complaint names the provost as respondent, the president shall appoint an individual to perform the responsibilities of the provost. If a complaint names the president as respondent, the Board of Trustees shall appoint an individual to perform the responsibilities of the president.

- (2) If any individual with responsibilities under this rule has a conflict of interest with a complainant or respondent, such that the individual stands to benefit personally or incur personal harm depending on the outcome, or otherwise has a relationship with the faculty member against whom the complaint is made (hereafter “respondent”) that creates a bias, or otherwise could not fairly and impartially perform those responsibilities, the individual shall not participate in this process, and a replacement shall be named in accordance with Section (C)(1) of this rule. In the event that a member of an investigation or sanctioning committee has such a conflict, that individual shall be replaced in accordance with the applicable procedures for that committee.
- (D) If the provost determines that a faculty member’s presence on campus is detrimental to the safety and well-being of the university community or university property, the provost may reassign the faculty member off campus with pay pending completion of the process set forth in this rule.
- (E) At each step of the process, individuals with responsibilities under this rule may use informal dispute resolution to resolve the complaint to their satisfaction as well as that of the complainant and the respondent in accordance with applicable policy. The appropriateness of an informal resolution in any case will depend on the circumstances of each particular case. All such resolutions must be reported to the Office of Academic Affairs for review and approval before being finalized. In addition, reports must be made to the Office of Research (for proceedings under Faculty Rule 3335-5-04.2), or the Office of Institutional Equity or Office of Human Resources (for proceedings under Faculty Rule 3335-5-04.3) as may be applicable.
- (F) Complainants and respondents may expressly or implicitly relinquish their rights to participate in any step of this process, including but not limited to by failing to respond to reasonable attempts to schedule required meetings, or by failing to appear for scheduled sessions. If a complainant or respondent relinquishes their rights of participation at any step, that relinquishment does not prevent that individual from exercising any rights that may be applicable at any other step of the process. To the extent not specified in this rule, complainants and respondents shall be entitled to all rights required by state and federal law that are applicable to these proceedings.
- (G) All records of proceedings under this rule shall be maintained by the Office of Academic Affairs. Such records shall be afforded the same privacy and confidentiality afforded to comparable records of other university employees, subject to public records laws and other disclosures within and external to the university in accordance with applicable law and the need to know such information to support university operations.
- (H) The term “day” as used in this rule means “calendar day.” If the last day of a designated time period falls on a weekend or a day on which the university is closed, the time period shall expire at the close of business on the next succeeding business day.
- (H) Complainants and respondents shall be given written notice of decisions required by this rule. Any notice shall be sent by certified mail and by email. The time period for any action to be taken after delivery of the notice shall begin to run on the date on which the notice is mailed.
- (I) At each step of the process set forth in this rule, a respondent may be accompanied by one support person of their choosing (including but not limited to personal legal counsel). Except as otherwise provided in rules 3335-5-04.1 through 3335-5-04.4, though, such individual shall only be entitled to appear with the respondent and shall not be entitled to participate in or delay the process in any way.

- (J) The timelines set forth in this rule and in rules 3335-5-04.1 through 3335-5-04.4 are mandatory. However, the provost or designee may grant defined extensions of any time period on an as-needed basis upon written request.

(Board approval dates: 4/4/1997, 12/4/1998, 2/4/2000, 6/7/2005, 7/8/2005, 9/9/2011, 6/7/2013, 6/5/2015, 8/6/2020, 2/25/2021)

3335-5-04.1 Procedures for complaints of failure to meet academic responsibilities.

- (A) This rule applies to complaints made against faculty members involving their failure to meet academic responsibilities as defined in rule 3335-5-01(C). A faculty member may be disciplined for violations established under this rule, and may be disciplined up to and including termination for serious failure to meet faculty obligations. For the purposes of this rule “serious failure to meet faculty obligations” is defined as conduct that reflects gross indifference or consistent failure to satisfactorily perform the faculty obligations set forth in rule 3335-5-01(C).
- (B) Initial proceedings.
- (1) A complaint may be filed by any student or university employee, including employees from administrative offices who are filing complaints arising out of investigations by those offices. Complaints may be filed with a chair, dean, associate dean, provost, vice provost for academic policy and faculty resources (hereinafter “vice provost”), or the president. All complaints must be referred to the vice provost for initial review in accordance with this rule.
 - (2) The complaint shall be set forth in writing and shall state facts to support an allegation that a faculty member has failed to meet their academic responsibilities.
 - i. The vice provost shall review every complaint to determine whether the complaint presents an actionable violation and that the complaint is not clearly retaliatory or abusive in nature. If the vice provost is named as a respondent, the provost shall identify a designee. If the vice provost determines that a complaint either does not allege a violation that can be addressed under this rule or was filed for clearly retaliatory or abusive purposes, the vice provost must consult with the complainant within seven days of filing to clarify the nature of the complaint. The vice provost may dismiss such a complaint within seven days of consulting with the complainant if it cannot be addressed under this rule or is clearly retaliatory or abusive in nature. This determination does not prohibit referral of a complaint filed under this rule to another applicable university process.
 1. The complainant may appeal this dismissal in writing to the provost within seven days of this decision. Upon receiving such an appeal, the provost may either reinstate the complaint or dismiss it, and that decision is final. The provost must issue a decision within fourteen days of receiving such an appeal.
 - ii. If the vice provost determines that the complaint should proceed or if the complaint is reinstated by the provost, the vice provost shall furnish a copy of the complaint to the respondent and shall refer it to the respondent’s department chair for a probable cause review in accordance with section (C) of this rule.
 1. If the faculty member’s department chair is the complainant or

respondent, the complaint shall be referred to the faculty member's dean for the initial probable cause review.

2. For the purposes of this provision, the term "department chair" includes school directors, deans of colleges without departments, and regional campus deans and directors.
- (3) Only allegations stated in the complaint shall be considered at the various stages of deliberation. However, additional facts relevant to the allegations set forth in the complaint may be presented throughout the process.

(C) Probable cause review.

- (1) The department chair shall review the allegations in the complaint and discuss the matter with the complainant and the respondent to determine whether there is probable cause to believe that the allegations are true.
- (2) If the department chair determines that there is not probable cause to believe that the allegations are true, the chair shall dismiss the complaint.
 - i. If the complaint is dismissed, the complainant may appeal the dismissal to the dean. The appeal must be in writing and filed with the dean within twenty-one days after the notice of the chair's decision was mailed. Upon receiving such an appeal, the dean may either reinstate the complaint and refer it to the college investigation and sanctioning committee or dismiss it, and such a dismissal is final. The dean must issue a decision within thirty days after receiving such an appeal.
- (3) If the department chair determines that there is probable cause to believe that the allegations are true, the department chair shall refer the matter to the college investigation and sanctioning committee unless the department chair completes an informal resolution in accordance with rule 3335-5-04(E).
- (4) The department chair shall complete this process within fourteen days.

(D) College investigation and sanctioning committee.

- (1) Each college shall appoint a college investigation and sanctioning committee, which shall fulfill the responsibilities set forth in this section. The committee shall be all tenured faculty or a majority of tenured faculty if including clinical/teaching/practice faculty who are non-probationary associate professors or professors. A college may include faculty members from other colleges on its committee.
- (2) Upon receipt of a referral of a complaint from the department chair, the committee shall meet with the complainant and the respondent and shall review any documentary evidence provided by these parties. The respondent shall be given copies of any documentary evidence provided to the committee as part of the investigation and be given an opportunity to respond to all such documentation. The committee shall have the authority to gather information relevant to the complaint, including by interviewing individuals other than the complainant and respondent as the committee sees fit or as

recommended by the complainant or respondent. The committee shall strive to maintain confidentiality in the proceedings.

- (3) At the conclusion of the investigation, the committee shall prepare a preliminary report that identifies the proposed findings of fact, a conclusion as to whether a violation occurred under the clear and convincing evidence standard, and if so whether the conduct rose to the level of serious failure to meet faculty obligations as defined in rule 3335-5-04.1(A). The committee shall provide that document to both the complainant and respondent for review. Each party shall have seven days to respond and to identify any alleged errors or omissions in the findings.
- (4) Following review of any comments by the parties, the committee shall thereafter make any modifications to the report that it deems appropriate and issue a final report. If the committee concludes that a violation occurred, the committee shall include its proposed sanction in the final report.
- (5) In evaluating sanctions, the committee shall consider the totality of the circumstances, including aggravating and mitigating factors.
 - i. Aggravating factors may include, but are not limited to:
 - a. the significance and impact of the faculty member's failure to meet academic responsibilities if serious failure is found;
 - b. the strength of the evidence presented;
 - c. whether the respondent has previously been found to have engaged in misconduct;
 - d. whether the respondent's conduct caused injury or harm to another individual, university property, or the university's reputation; and
 - e. whether the respondent had received prior warnings about engaging in the conduct at issue.
 - ii. Mitigating factors may include, but are not limited to:
 - a. the conduct at issue did not cause injury or harm to another individual, university property, or the university's reputation; and
 - b. the respondent accepted responsibility for the misconduct.
- (6) The committee shall have the authority to recommend sanctions as it sees fit as long as the sanctions are commensurate with the nature of the complaint and the committee's analysis of any aggravating and mitigating factors. Sanctions may be of a discrete or continuing nature, but sanctions of a continuing nature must specify the period of time in which they are applicable. Sanctions may include, but are not limited to the following, and may further include a combination of sanctions:

- i. Verbal reprimand;
- ii. Written reprimand;
- iii. Mandatory counseling or other rehabilitation;
- iv. Restrictions on duties or privileges;
- v. Restriction of access to university property or services;
- vi. Reduction of salary base;
- vii. Reduction of twelve-month appointment to nine-month appointment;
- viii. Reduction of full-time equivalent (FTE) appointment;
- ix. Reduction of rank;
- x. Revocation of tenure;
- xi. Termination of employment due to serious failure to meet faculty obligations.

- (7) The committee shall complete its investigation and submit its report to the respondent's dean within forty-five days.

(E) Decision by the dean.

- (1) After reviewing the report and recommendation of the college investigation and sanctioning committee, the dean may:
 - i. Dismiss the complaint if the committee did not find a violation;
 - ii. Impose the committee's proposed sanction;
 - iii. Impose what would reasonably be interpreted as an equivalent or lesser sanction; or
 - iv. Increase the sanction if the committee determined that the respondent engaged in a serious failure to meet faculty obligations.
- (2) The dean shall make a decision in twenty-one days. The final report of the college investigation and sanctioning committee and the dean's decision shall be sent to the complainant and the respondent.
- (3) Appeals:

- i. The dean's decision shall be final in all cases in which the sanction imposed is a verbal reprimand, a written reprimand, or mandatory counseling or training, but a respondent may place a response to this sanction in their primary personnel file.
- ii. If the dean imposes any other sanction except for revocation of tenure or termination of employment, the respondent shall have the right to appeal in writing to the provost.
- iii. If the dean imposes a sanction that revokes tenure or terminates employment, the matter shall be automatically appealed to the provost.
- iv. In all appeals, whether discretionary or automatic, the respondent may identify their position on the case in writing to the provost. All such submissions and all discretionary appeals must be filed within fourteen days after notice of the dean's decision was mailed.

(F) Review of appeals by the provost.

(1) After reviewing the record of a case appealed by a respondent or referred by the dean, the provost may:

- i. Affirm the dean's sanction;
- ii. Impose what would reasonably be interpreted as an equivalent or lesser sanction to the dean's sanction;
- iii. Increase the sanction; or
- iv. In the event that the provost determines that substantial new evidence exists (evidence that was not available at the time of the initial investigation and that may reasonably have affected the finding of misconduct) or there was conflict of interest or procedural error in the previous steps of the process that resulted in material harm or prejudice to the respondent, the provost shall return the case back to a previous step of the process for further proceedings as appropriate.

(2) The provost shall make a decision within fourteen days of receiving materials from the dean and respondent as applicable.

(3) If the provost affirms the dean's decision to terminate employment, or imposes or upholds a sanction set forth in section (D)(6)(vii) through (xi) of this rule, the respondent may appeal to the faculty hearing committee. In all other cases, the provost's decision shall be final.

(4) An appeal by the respondent must be in writing and must be filed with the faculty hearing committee within fourteen days after notice of the provost's decision was mailed.

(G) The faculty hearing committee.

- (1) Within fourteen days of receipt of an appeal from a respondent, the faculty hearing committee established by rule 3335-5-48.10 shall convene a hearing panel to consider the appeal and to provide a recommendation to the president regarding the appropriate action. The respondent and the provost or designee may each make one peremptory challenge to the seating of one person on the hearing panel and one peremptory challenge to the selection of a presiding officer.
- (2) The parties to this hearing shall be the respondent and the provost, or designee.
- (3) The hearing panel may restrict the attendance of persons at the proceedings. However, the respondent and the provost shall have the right to have one observer of their choosing present at all times.
- (4) The provost, or designee, shall present the case to the hearing panel. In presenting the case, the provost may be advised and represented by the general counsel, or designee. The provost shall have the right to present witnesses and evidence and to examine witnesses and evidence presented by the respondent.
- (5) Respondents shall have the right to represent themselves or to be represented by legal counsel or any other person of their choice. The respondent shall have the right to examine the witnesses and evidence presented against them in the hearing, to present witnesses and evidence on their own behalf, and to refuse to testify or be questioned in the proceedings without prejudice to their cause.
- (6) The hearing panel shall receive testimony and other evidence as it deems relevant and material to the issues appealed, and may decline to receive evidence presented by the provost or the respondent that is not material and relevant to the appeal.
- (7) The hearing panel will not be bound by the findings of the college investigation and sanctioning committee or the provost.
- (8) An electronic recording shall be kept of all proceedings at a hearing panel. The recording shall be conveyed by the chair of the faculty hearing committee to the Office of Academic Affairs.
- (9) At the conclusion of the proceedings, the hearing panel shall make written conclusions with respect to each substantive issue raised, including but not limited to:
 - i. appropriateness of the sanction, and, if found to be inappropriate, the faculty hearing committee's recommended sanction in accordance with the factors set forth in section (D)(5) of this rule.
 - ii. conflict of interest, procedural error, or substantial new evidence.
 - iii. findings of the college investigation committee.
- (10) The faculty hearing committee's report, together with a recording of the proceedings, shall be transmitted to the president, provost, and respondent within sixty days of the date that the final hearing panel is convened.

(H) The president.

- (1) Upon receipt of the written recommendation and a record of the proceedings from a hearing panel, the president shall review the matter. The president may:
 - i. Impose any sanction less than termination of employment whether or not it accords with the recommendation of the hearing panel;
 - ii. Recommend to the board of trustees termination of employment for cases of serious failure to meet faculty obligations on such terms and conditions as the president may deem advisable;
 - iii. Remand the case to the hearing panel for reconsideration; or
 - iv. In the event that the president determines that substantial new evidence exists (evidence that was not available at the time of the initial investigation and that may reasonably have affected the finding of misconduct) or there was conflict of interest or procedural error in the previous steps of the process that resulted in material harm or prejudice to the respondent, the president shall return the case back to a previous step as appropriate.
- (2) The president's decision on all sanctions less than termination of employment is final.
- (3) Any decision of the president shall be communicated in writing to the hearing panel, the provost, and the respondent.
- (4) The president shall make a decision within thirty days.

(I) Board of trustees.

- (1) The board of trustees, in reviewing and deciding upon a case in which termination of employment has been recommended, has the ultimate authority to take that action necessary to promote the best interest of the university and to protect the rights of the individual. In such cases, the board shall have the discretion to decide whether the respondent has an opportunity to present to it arguments in writing, or in person, or both.

(Board approval dates: 2/25/2021)

- (B) Preliminary assessment and inquiry.

- (1) Complaints alleging research misconduct must be filed with or referred to the Office of Research.

- (3) If the preliminary assessment concludes that the allegations in the complaint meet the definition of research misconduct and are sufficiently credible and specific so that potential evidence of research misconduct may be identified, the Office of Research shall proceed to an inquiry review in accordance with the Research Misconduct policy to determine whether the allegations have sufficient substance to warrant an investigation.
- (4) If the inquiry concludes that the allegations have sufficient substance and that an investigation is warranted in accordance with the Research Misconduct policy, an investigation shall be initiated as set forth in section (C) of this rule. All other procedural steps, including but not limited to appeals, shall be performed in accordance with the Research Misconduct policy.
- (5) In both the preliminary assessment and inquiry steps, complainants and respondents shall be afforded procedural rights, including but not limited to the rights to review documentary evidence, submit evidence, be accompanied by an advisor, review and file a written response to reports, and make appeals, as specifically defined in the Research Misconduct policy.

- (4) At the conclusion of the investigation, the committee shall prepare a preliminary report in accordance with this rule and the Research Misconduct policy. Findings and conclusions shall be based on the preponderance of the evidence standard. The respondent shall have fourteen days to respond and to identify any alleged errors or omissions in the preliminary report.
- (5) In evaluating sanctions, the committee shall consider the totality of the circumstances, including aggravating and mitigating factors.

 2. the significance and impact of the faculty member's failure to meet academic responsibilities if relevant;
 3. the strength of the evidence presented;

4. whether the respondent has previously been found to have engaged in misconduct;
 5. whether the respondent's conduct caused injury or harm to another individual, university property, or the university's reputation; and
 6. whether the respondent had received prior warnings about engaging in the conduct at issue.
 - ii. Mitigating factors may include, but are not limited to:
 1. the conduct at issue did not cause injury or harm to another individual, university property, or the university's reputation; and
 2. the respondent accepted responsibility for the misconduct.
- (6) The committee shall have the authority to recommend sanctions as it sees fit as long as the sanctions are commensurate with the nature of the complaint and the committee's analysis of any aggravating and mitigating factors. - (7) After receipt of any comments from the respondent, the committee shall complete its investigation and submit its final report to the Deciding Official set forth in the Research Misconduct policy in accordance with that policy. If the committee concludes that research misconduct occurred, the respondent shall have the right to submit an appeal of that decision to the Deciding Official in accordance with the Research Misconduct policy.

- i. If a finding of research misconduct is confirmed following review of the report and any appeals by the Deciding Official, the case shall be referred to the respondent's dean for further proceedings under section (D) of this rule. If no finding of research misconduct is made following such review, the case shall be dismissed.

(D) Decision by the dean.

- (1) After reviewing the report and recommendation of the investigation and sanctioning committee, the dean may:
 - i. Uphold the committee's proposed sanction;
 - ii. Impose what would reasonably be interpreted as an equivalent or lesser sanction; or

 - iii. If the dean imposes a sanction that revokes tenure or terminates employment, the matter shall be automatically appealed to the provost.
 - iv. In all appeals, whether discretionary or automatic, the respondent may identify their position on the case in writing to the provost. All such submissions and all discretionary appeals must be filed within fourteen days after notice of the dean's decision was mailed.

may reasonably have affected the finding of misconduct) or there was conflict of interest or procedural error in the previous steps of the process that resulted in material harm or prejudice to the respondent, the provost shall return the case back to a previous step of the process for further proceedings as appropriate.

- (2) The provost shall make a decision within fourteen days of receiving materials from the dean and respondent as applicable.
- (3) If the provost affirms the dean's decision to terminate employment, or imposes or upholds a sanction set forth in section (C)(6)(vii) through (xii) of this rule, the respondent may appeal to the faculty hearing committee. In all other cases, the provost's decision shall be final.
- (4) An appeal by the respondent must be in writing and must be filed with the faculty hearing committee within fourteen days after notice of the provost's decision was mailed. Appeals to the faculty hearing committee shall be limited to one or more of the following grounds:

(A) This rule applies to complaints made against faculty members involving sexual misconduct, workplace violence, whistleblower retaliation, and protected class discrimination, harassment, and retaliation as defined in applicable university policies. A faculty member may be disciplined up to and including termination for violations established under this rule.

(B) Initial proceedings.

- (1) Complaints of sexual misconduct and protected class discrimination, harassment, and retaliation must be filed with or referred to the Office of Institutional Equity, and complaints of workplace violence and whistleblower retaliation separate from protected class or sexual misconduct must be filed with or referred to the Office of Human Resources.
- (2) The applicable office shall perform a preliminary assessment to determine whether the complaint warrants further investigation, whether an informal resolution would be appropriate, whether the matter should be referred to a different university office or process, or whether the matter should be closed and not proceed further in the process.
- (3) If the applicable office determines that further investigation is warranted and that an informal resolution is not appropriate at that stage in the process, it shall notify the complainant and respondent of its decision to pursue an investigation and shall assign an investigator to investigate the complaint.

(C) Investigation determinations.

- (1) Complaints of sexual misconduct pursuant to Title IX of the Education Amendments Act of 1972 and implementing regulations shall be investigated pursuant to the procedures set forth in the university Sexual Misconduct policy. All findings of misconduct shall be referred to the university sanctioning committee for a recommendation for sanctions only in accordance with Section D of this rule.

- iv. When fact gathering is complete, the investigator shall prepare a written investigative summary (preliminary report) that identifies the relevant and material facts in the case. The investigator shall provide that document to both the complainant and respondent for review. Each party shall have fourteen days to respond and to identify any alleged errors or omissions in the investigative summary.
- v. Following review of any comments by the parties, the investigator shall thereafter make any modifications to the report that the investigator deems appropriate and issue a final report that will include the summary of the facts gathered, analysis of the allegations, and findings as to whether the applicable policy was violated under the preponderance of the evidence standard. If a violation is found, this report shall be provided to the university sanctioning committee to determine the appropriate sanction. If no violation is found, the complaint shall be dismissed.

3335-5-06 Guest speakers.

It is the policy of the university to foster a spirit of free inquiry and to encourage the timely discussion of a broad range of issues, provided that the views expressed are stated openly and are subject to critical evaluation. Within our prevailing standards of decency and honesty, this policy shall be construed to mean that no topic or issue is too controversial for intelligent discussion on the campuses. Restraints on free inquiry should be held to that minimum which is consistent with preserving an organized society in which change is accomplished by peaceful, democratic means. To this end, registered student organizations, faculty, and others entitled to sponsor a meeting involving the use of university facilities (see rule 3335-13-03 of the Administrative Code) may invite guest speakers to the campuses. The sponsors must take reasonable steps necessary to ensure that the meeting is conducted in an orderly manner.

3335-5-07 Definition of faculty duties and responsibilities.

Faculty members who are on duty are accountable for meeting the formal and informal obligations associated with research, service, and/or teaching or clinical practice. Duties and responsibilities are assigned annually in accordance with the workload guidelines laid out in the pattern of administration of each faculty member's tenure initiation unit and, as appropriate, regional campus.

Full-time, twelve-month, faculty members are expected to be on duty for an average of nineteen working days a month, with working days defined as weekdays that are not designated as university holidays. Faculty members on nine-month appointments are commonly on duty for nineteen working days a month averaged over a nine-month period. The most common pattern for a nine-month on-duty period under semesters from August 15 to May 15.

Breaks within a given semester, summer term, or session, as well as any days between the end of the exam period and the beginning of the next semester or session, will be considered off-duty days. Faculty on twelve-month appointments are on duty on all working days except for the days they accrue and designate as vacation days. Terms of duty for full-time associated faculty on nine- or twelve-month appointments should parallel the terms for nine- and twelve-month tenure-track faculty unless otherwise specified in their annual letter of appointment; terms for shorter-term associated faculty are specified in their annual letter of appointment.

Absences longer than ten consecutive business days, must also be approved by the executive vice president and provost. Sick leave is granted on approval of the appropriate administrative official when notification is given as soon as practicable, presumably on the first day of absence.

**Chapter 3335-6 Rules Of the University Faculty Concerning Faculty
Appointments, Reappointments, Promotion and Tenure**

3335-6-01 General considerations.

- (A) Peer review provides the foundation for decisions regarding faculty appointment, reappointment, and promotion and tenure (except when the provisions of paragraph (H) of rule 3335-6-03 of the Administrative Code are invoked.) Peers are those faculty who can be expected to be most knowledgeable regarding an individual's qualifications and performance--normally tenure initiating unit colleagues. Because of the centrality of peer review to these review processes, faculty vested with responsibility for providing peer review have an obligation to participate fully and knowledgeably in review processes, to exercise the standards established in faculty rule 3335-6-02 of the Administrative Code and other standards specific to the academic unit and discipline, and to make negative recommendations when these are warranted to maintain and improve the quality of the faculty. Recommendations by the faculty vested with the responsibility for providing peer review will be accepted unless they are not supported by the evidence presented regarding how the candidate meets the standards established in faculty rule 3335-6-02 of the administrative code and other standards specific to the academic unit and discipline. When, for the reasons just stated, a decision regarding faculty appointment, reappointment, or promotion and tenure differs from the recommendation of the faculty, the administrator or body making that decision will communicate in

writing to the faculty body that made the recommendation the reasons that the recommendation was judged not to be supported by the evidence.

- (B) In accordance with a policy of equality of opportunity, decisions concerning appointment, reappointment, and promotion and tenure shall be free of discrimination as to age, ancestry, color, disability, gender identity or expression, genetic information, military status, national origin, race, religion, sex, sexual orientation, or veteran status, and other categories covered in the university nondiscrimination policy.

(Board approval dates: 10/5/1984, 4/8/1988, 11/2/1990, 5/3/1996, 7/9/2004, 6/5/2009)

3335-6-02 Criteria for appointment, reappointment, and promotion and tenure of tenure-track faculty.

- (A) The Ohio state university will be recognized worldwide for the quality and impact of its research, teaching, and service. For purposes of faculty performance reviews under these rules:
 - (1) Research is broadly defined to include discovery, scholarly and creative work, applied research, commercialization, and the scholarship of pedagogy.
 - (2) Teaching is broadly defined to include didactic classroom, non-classroom and distance instruction, extension and continuing education, advising, and supervising or mentoring students or postdoctoral scholars.
 - (3) Service is broadly defined to include providing administrative service to the university, professional service to the faculty member's discipline, and disciplinary expertise to public or private entities beyond the university.

Each tenure initiating unit is responsible for establishing criteria for appointment, reappointment, and promotion and tenure that are consistent with this mission and for ensuring that every faculty appointment, reappointment, and promotion and tenure recommendation is consistent with this mission.

Appointment decisions for tenure-track faculty positions, as defined in rule 3335-5-19 of the Administrative Code, must be based on criteria that reflect strong potential to attain tenure and advance through the faculty ranks. A minimum requirement for appointment at or promotion to the rank of assistant professor or a higher rank is an earned doctorate or other terminal degree in the relevant field of study or possession of equivalent experience. Appointments at the rank of instructor should normally only be made when the offered appointment is that of assistant professor but the appointee has not completed the required terminal degree at the onset of the appointment.

- (B) No faculty member attains tenure automatically. Tenure may be acquired either in the original appointment to the tenure-track faculty rank of associate professor or professor or upon promotion from within the university to the rank of associate professor, or following a successful probationary period at the rank of associate professor or professor as specified in rule 3335-6-03 of the Administrative Code. Tenure will not be awarded below the rank of associate professor.
- (C) The awarding of tenure and promotion to the rank of associate professor must be based on convincing evidence that the faculty member has achieved excellence as a teacher, as a scholar, and as one who provides effective service; and can be expected to continue a program of high quality teaching, scholarship, and service relevant to the mission of the academic unit(s) to which the faculty

member is assigned and to the university. Promotion to the rank of professor must be based on convincing evidence that the faculty member has a sustained record of excellence in teaching; has produced a significant body of scholarship that is recognized nationally or internationally; and has demonstrated leadership in service.

- (D) In evaluating the candidate's qualifications in teaching, scholarship, and service, reasonable flexibility shall be exercised, balancing, where the case requires, heavier commitments and responsibilities in one area against lighter commitments and responsibilities in another. In addition, as the university enters new fields of endeavor, including interdisciplinary endeavors, and places new emphases on its continuing activities, instances will arise in which the proper work of faculty members may depart from established academic patterns. In such cases care must be taken to apply the criteria with sufficient flexibility. In all instances superior intellectual attainment, in accordance with the criteria set forth in these rules, is an essential qualification for promotion to tenured positions. Clearly, insistence upon this standard for continuing members of the faculty is necessary for maintenance and enhancement of the quality of the university as an institution dedicated to the discovery and transmission of knowledge.
- (E) Each tenure initiating unit shall have an appointments, promotion, and tenure document. The document shall describe, in qualitative terms, the unit's criteria for appointments, promotion, and tenure and evidence to be provided to support a case within the context of the unit's mission and the standards set forth in this rule as well as the mission and standards of the college. The document should indicate with some specificity how the quality and effectiveness of teaching, the quality and significance of scholarship, and the quality and effectiveness of service are to be documented and assessed. The document of a tenure initiating unit with regional campus faculty must establish criteria for appointments, promotion, and tenure for these faculty within the context of the regional campuses' mission as well as that of the tenure initiating unit. The document shall also describe the unit's procedures for conducting annual performance reviews of probationary faculty and reviews for promotion and tenure.

The document must be drawn up or amended through broad faculty consultation with all voting members of the tenure initiating unit according to the principles articulated in paragraph (C)(3) of rule 3335-3-35 of the Administrative Code and must be approved by the dean of the college and the executive vice president and provost.

- (F) Each college shall have an appointments, promotion, and tenure document. The document shall describe, in qualitative terms, the college's criteria for appointments, promotion, and tenure within the context of the college's mission and the standards set forth in this rule. The document shall also describe the college's procedures for conducting college level reviews for promotion and tenure.

The document must be drawn up through broad faculty consultation and must be approved by the executive vice president and provost.

(Board approval dates: 10/5/1984, 7/7/1989, 5/3/1996, 4/4/1997, 12/4/1998, 7/12/2002, 6/4/2004, 6/7/2005, 4/6/2012, 6/6/2014, 6/8/2018)

3335-6-03 Probationary service, and duration of appointments for tenure-track faculty.

- (A) Probationary periods are established for tenure-track faculty members. During a probationary period a faculty member does not have tenure and is considered for reappointment annually.
- (B) Length of probationary period.

- (1) An appointment as professor or associate professor will generally entail tenure. However, a probationary period not to exceed four years may be granted by the office of academic affairs upon petition of the tenure initiating unit and college. For the petition to be approved, a compelling rationale must be provided regarding why appointment at a senior rank is appropriate but tenure is not. All appointments to the rank of associate professor or professor require prior approval of the executive vice president and provost.

An appointment to the rank of instructor is always probationary and may not exceed three years. An instructor must be approved for promotion to assistant professor by the beginning of the third year of appointment or the appointment will not be renewed beyond the end of the third year. When an instructor is promoted to the rank of assistant professor, prior service credit may be granted for time spent as an instructor if the faculty member requests such credit in writing at the time of the promotion. This request must be approved by the tenure-initiating unit's eligible faculty, the tenure-initiating unit head, the dean of the college, and the office of academic affairs.

An appointment to the rank of assistant professor is always probationary and may not exceed six years, including prior service credit. An assistant professor is reviewed for promotion and tenure no later than the sixth year of appointment as an assistant professor and informed by the end of the sixth year as to whether promotion and tenure will be granted at the beginning of the seventh year.

- (2) Promotion and tenure may be granted at any time during the probationary period when the faculty member's record of achievement merits tenure and promotion. Similarly, a probationary appointment may be terminated at any time subject to the notice provisions of rule 3335-6-08 of the Administrative Code and the provisions of paragraphs (G), (H), and (I) of this rule.
- (3) Probationary tenure-track faculty members will be informed no later than the end of the year in which their mandatory review for tenure takes place as to whether tenure will be granted by the beginning of the following year. If tenure is not granted, a one year terminal year of employment is offered.

(C) Annual review of probationary tenure-track faculty members.

- (1) At the time of appointment, probationary tenure-track faculty members shall be provided with all pertinent documents detailing tenure initiating unit, college, and university promotion and tenure policies and criteria. If these documents are revised during the probationary period, probationary tenure-track faculty members shall be provided with copies of the revised documents.
- (2) During a probationary period a tenure-track faculty member shall be reviewed annually in accordance with this rule and with policies of the tenure initiating unit, college and university. The annual review should encompass the faculty member's performance in teaching, in scholarship, and in service; as well as evidence of continuing development. The involvement of tenure initiating unit faculty in annual reviews is strongly encouraged. External evaluations of the faculty member's work, required for tenure and promotion reviews, may be obtained for any annual review if judged appropriate by the faculty review body or tenure initiating unit chair. The tenure initiating unit chair shall inform probationary faculty members at the time of initial appointment, and in a timely fashion each year thereafter, when the annual review will take place and provide a copy of the office of academic affairs dossier outline to be completed by the faculty member in reporting accomplishments to date. At the completion of the review the tenure initiating unit chair shall provide the faculty member and the dean of the college

with a written assessment of the faculty member's performance and professional development. The assessment should include both strengths and weaknesses, as appropriate. If the chair's recommendation is to reappoint the faculty member to another probationary year of service, that recommendation shall be final. A recommendation from the chair to not reappoint the faculty member to another probationary year requires a review that follows fourth year review procedures (see paragraph (G) of this rule) and the dean shall make the final decision in the matter. All annual review letters to date shall become a part of a faculty member's dossier for subsequent annual reviews during the probationary period, including the review for promotion and tenure.

- (3) When probationary tenure-track faculty receive their annual review, the tenure initiating unit chair shall inform them of their right to review their primary personnel file maintained by their tenure initiating unit and to place in that file a response to any evaluation, comment or other material contained in the file (see rule 3335-3-35 of the Administrative Code).
- (4) The fourth year review of probationary tenure-track faculty shall follow the same process as the review for tenure and promotion at the tenure initiating unit and college levels with two exceptions: Solicitation of external letters of evaluation may or may not be required by the tenure initiating unit and review by the college promotion and tenure committee shall be optional in all cases where both the tenure initiating unit and the dean approve the renewal of the appointment. Renewal of the appointment of a probationary assistant professor for the fifth year requires the approval of the dean of the college. Before reaching a negative decision or a decision contrary to the tenure initiating unit's recommendation, the dean must consult with the college promotion and tenure committee.

(D) Exclusion of time from probationary periods.

- (1) There are three circumstances under which probationary tenure-track faculty may obtain an exclusion of time from probationary periods, also known as extending the tenure clock. These exclusions recognize factors that impact the ability to meet the criteria for tenure within the probationary period outlined in paragraph (B) of this rule. A request to exclude time from the probationary period for any of the reasons listed in paragraphs (D)(1)(a) to (D)(1)(c) of this rule must be made prior to April first of the year in which the mandatory review for tenure is scheduled.
 - (a) A probationary tenure-track faculty member will have one year excluded from the probationary period for the birth or the adoption of a child. The maximum time that can be excluded per birth or adoption is one year. This exclusion is guaranteed provided the faculty member informs the TIU head in writing within one year of the birth or adoption, unless the exclusion is prohibited in paragraph (D)(3) of this rule. It is the responsibility of the TIU head to inform the college dean and office of academic affairs of the birth or adoption. The probationary faculty member may decline the one-year exclusion by informing the TIU head in writing before April first of the original mandatory review year.
 - (b) A probationary tenure-track faculty member may apply to exclude time from the probationary period in increments of one year because of personal illness, care of a seriously ill or injured person, an unpaid leave of absence, or factors beyond the faculty member's control that hinder the performance of the duties associated with being a successful faculty member, i.e., teaching, scholarship, and service. For faculty members requesting an exclusion due to personal illness or care of a seriously ill or injured person, requests shall be made in writing to human resources which will work with the TIU head to determine the necessary

documentation. Requests to exclude time from the probationary period due to unpaid leave or factors beyond the faculty member's control must be submitted in writing to the TIU head within one year of the unpaid leave or the extenuating factors. Such requests shall be reviewed by the TIU promotion and tenure committee, which will advise the TIU head on the appropriateness of the request. In units that do not have a promotion and tenure committee, the eligible faculty shall review the request. All requests require approval by the TIU head, dean, and executive vice president and provost. The extent to which the event leading to the request was beyond the faculty member's control and the extent to which it interfered with the faculty member's ability to be productive will be considered in granting or denying the request.

- (c) Probationary tenure-track faculty members on less than full-time service for part or all of their probationary period may request an exclusion of time. Such requests require approval of the TIU head, dean, and executive vice president and provost. The exclusion shall be for an integer number of years based on the principle that the usual probationary period represents full-time service. The maximum exclusion of a probationary period for less than full-time service is one year for a probationary instructor, three years for a probationary assistant professor and two years for a probationary associate professor or professor.
 - (2) A request to exclude time from the probationary period for any reason will not be granted after a nonrenewal notice has been issued nor will previously approved requests to exclude time from the probationary period in any way limit the university's right not to renew a probationary appointment.
 - (3) Except in extraordinary circumstances, a maximum of three years can be excluded from the probationary period for tenure track faculty for any reason or combination of reasons covered in the provisions in paragraphs (D)(1)(a) and (D)(1)(b) of this rule. For probationary faculty who are on appointments of less than full time, the maximum is four years for an instructor, six years for an assistant professor, and five years for an associate professor or professor for any reason or combination of reasons covered in the provisions in paragraphs (D)(1)(a), (D)(1)(b), and (D)(1)(c) of this rule. Exceptions require the approval of the tenure initiating unit chair, dean, and executive vice president and provost.
 - (4) Tenure-track faculty members will be reviewed annually during their probationary periods regardless of whether time is excluded from that period for any of the above reasons unless their absence from campus during an excluded period makes conduct of such a review impractical.
 - (5) For purposes of performance reviews of probationary faculty, the length of the probationary period is the actual number of years of employment at this university less any years of service excluded from the probationary period under the terms of this rule. Expectations for productivity during the probationary period cannot be increased as a consequence of exclusions of time granted under the terms of this rule. Probationary faculty who are on part-time appointments should be reviewed in the context of their reduced duties.
 - (6) The exclusion of time granted under for reasons specified in this rule in no way limits the award of promotion and tenure prior to the mandatory review year.
- (E) Service credit of up to three years may be granted for prior work experience at the time of the initial appointment and requires the approval of the tenure initiating unit chair, dean, and executive vice president and provost. Prior service credit shortens a probationary period by the amount of the credit

and once granted cannot be revoked except through an approved request to exclude time from the probationary period.

- (F) Probationary appointments may be terminated during any probationary year because of inadequate performance or inadequate professional development. At any time other than the fourth year review or mandatory review for tenure, a nonrenewal decision must be based on the results of a formal performance review conducted in accord with fourth year review procedures as set forth in paragraph (C)(3) of this rule. Notification of nonrenewal must be consistent with the standards of notice set forth in rule 3335-6-08 of the Administrative Code.
- (G) Probationary appointments may be terminated for fiscal or programmatic reasons. When nonrenewal is based on fiscal or programmatic reasons, the faculty member should be advised that such nonrenewal is a possibility and formal notice of nonrenewal should be provided as soon as possible after the need for nonrenewal is established. Nonrenewal of a probationary appointment for fiscal or programmatic reasons does not entail a performance review and requires the prior approval of the executive vice president and provost. Because hiring decisions should be based on informed assumptions regarding the future availability of resources and of programmatic needs, approval of such nonrenewals will be based on the extent to which convincing evidence is provided that the fiscal or programmatic reasons for the nonrenewal could not be anticipated when the appointment was made and are expected to be long lasting.
- (H) Decisions affecting the nonrenewal of a probationary appointment may not be arbitrary or capricious or carried out in violation of a faculty member's right to academic freedom. Faculty rule 3335-5-05 of the Administrative Code provides a procedural mechanism under which an aggrieved probationary faculty member can challenge a nonrenewal decision believed to have been improper. In that instance, however, the burden of proof is on the probationary faculty member to establish that the nonrenewal decision was improper. (See also rule 3335-6-05 of the Administrative Code).

3335-6-04 Promotion and tenure review procedures for tenure-track faculty.

- (A) General considerations.
 - (1) In consultation with the rules committee or its designee, the office of academic affairs shall develop and promulgate procedural guidelines for promotion and tenure reviews to supplement Chapter 3335-6 of the Administrative Code. These guidelines shall include a dossier outline to be used for the documentation of accomplishments by all candidates to be reviewed for promotion and tenure and by all probationary tenure-track faculty for annual reviews. The guidelines shall also include general information about the review process at the college and university level, information about any legal considerations affecting promotion and tenure evaluations, examples of criteria by which candidates for promotion and tenure are evaluated, and other information intended to assist academic units in carrying out reviews.
 - (2) All candidates for promotion and tenure are reviewed by the eligible faculty and by the chair of their tenure initiating unit. Candidates will also be reviewed at the college and university levels. The tenure initiating unit chair is responsible for informing the candidate in writing of the provost's final decision (if negative) or recommendation to the board of trustees (if positive).

- (3) The review for tenure during the final year of a probationary period is mandatory and must take place.

A probationary faculty member may ask to be considered for nonmandatory promotion and tenure review any time. However, the tenure initiating unit promotion and tenure committee may deny a probationary nonmandatory review every year up to the candidate's mandatory year. If a probationary nonmandatory review is allowed and the outcome is negative, the candidate continues at the rank they held at the start of the review. If a probationary mandatory review outcome is negative, the candidate's employment ends. Exclusions of time from a probationary period are allowed under 3335-6-03(D) and the expectations for productivity must be independent of the duration of the probationary period. A tenured faculty member may request a promotion review at any time. However, the tenure initiating unit promotion and tenure committee may deny this request if the tenured faculty member's accomplishments are judged not to warrant such review. The promotion and tenure committee may deny a tenured faculty member's request for promotion review only once. If the review is allowed and the outcome is negative, the tenured faculty member continues at the rank they held at the start of the review. This faculty member may continue at that rank indefinitely or request subsequent reviews that may not be denied.

- (4) Only the candidate may stop any review for promotion and tenure once external letters of evaluation have been sought. The candidate may withdraw from review at any stage of the process by so informing the tenure initiating unit chair in writing. If the review process has moved beyond the tenure initiating unit, the tenure initiating unit chair shall inform the dean or the executive vice president and provost, as relevant, of the candidate's withdrawal. Withdrawal from the mandatory tenure review during the final probationary year means that tenure will not be granted.

(B) Review procedures at the tenure initiating unit level.

- (1) Each tenure initiating unit shall establish a mechanism such as a promotion and tenure committee, for presenting the case of a candidate for promotion and tenure to the eligible faculty for consideration and for preparing a report for the tenure initiating unit chair providing the eligible faculty's assessment of quality and effectiveness of teaching, quality and significance of scholarship, and quality and effectiveness of service. With the exception noted below, eligible faculty are tenured faculty of higher rank than the candidate excluding the tenure initiating unit chair, the dean and assistant and associate deans of the college, the executive vice president and provost, and the president. For tenure reviews of probationary professors, eligible faculty are tenured professors excluding the tenure initiating unit chair, the dean and assistant and associate deans of the college, the executive vice president and provost, and the president.
- (2) The candidate shall have primary responsibility for preparing, according to office of academic affairs guidelines, a dossier documenting his or her accomplishments.
- (3) The tenure initiating unit chair or chair of the promotion and tenure committee shall be responsible for gathering internal evidence of the quality and effectiveness of teaching, quality and significance of scholarship, and quality and effectiveness of service from students and peers, as appropriate, within the tenure initiating unit. The tenure initiating unit chair or chair of the promotion and tenure committee shall also be responsible for obtaining letters from external evaluators and from other units at this university in which the candidate has appointment or substantial professional involvement, whether compensated or not. Some of the external evaluators should be suggested by the candidate and some by the department

chair or promotion and tenure committee; no more than one-half of the letters contained in the final dossier should be from persons suggested by the candidate. All solicited letters that are received must be included in the dossier. Unsolicited letters of evaluation or letters of evaluation solicited by anyone other than the above authorized persons may not be included in the dossier.

- (4) The eligible faculty shall review the candidate's dossier describing accomplishments in teaching, scholarship, and service and shall vote on the candidate. A report of the faculty assessment, including both strengths and weaknesses, and the numerical vote of the faculty shall be forwarded to the tenure initiating unit chair for inclusion in the dossier.
 - (5) The chair shall prepare a separate written assessment of the case and recommendation for the dean for inclusion in the dossier. As soon as the faculty report and chair's letter have been completed, the candidate should be notified in writing of the completion of the tenure initiating unit review and of the availability of these reports. The candidate may request a copy of these reports. The candidate may provide the tenure initiating unit chair with written comments on the tenure initiating unit review for inclusion in the dossier within ten calendar days of notification of the completion of the review. The promotion and tenure committee and/or chair may provide written responses to the candidate's comments for inclusion in the dossier. Only one iteration of comments on the departmental level review is permitted.
 - (6) The tenure initiating unit chair shall forward the dossier with all internal and external evaluations, candidate comments on the tenure initiating unit review and promotion and tenure committee and/or chair responses to those comments, if any, to the dean of the college.
- (C) Review procedures at the college and university level.
- (1) The purposes of promotion and tenure reviews beyond the tenure initiating unit shall be:
 - (a) To determine whether the tenure initiating unit has conducted its review and reached a recommendation consistent with university, college, and tenure initiating unit standards, criteria, policies, and rules. A faculty review body or administrator at the college or university level may make a recommendation that is contrary to that of the tenure initiating unit if, in its judgment, the tenure initiating unit recommendation is not consistent with those standards, criteria, policies, and rules.
 - (b) To determine where the weight of the evidence lies in cases in which there is not a clear or consistent recommendation from lower levels of review.
 - (2) The dean of a college shall have a standing faculty promotion and tenure committee which is advisory to the dean. Members shall not participate in the review of cases from their own departments. The college promotion and tenure committee shall prepare a written report of its assessment and vote for inclusion in the dossier. The dean shall prepare a separate written assessment of the case and recommendation for the provost for inclusion in the dossier. As soon as the college promotion and tenure committee report and dean's letter have been completed, the candidate should be notified in writing of the completion of the college level review and of the availability of these reports. The candidate may request a copy of these reports. The candidate may provide the dean with written comments on the college review for inclusion in the dossier within ten calendar days of notification of the completion of the review. The college promotion and tenure committee and/or dean may provide written responses to the candidate's comments for inclusion in the dossier. Only one

iteration of comments on the college level review is permitted. The dean shall forward the dossier, along with all evaluations and reports, to the provost.

- (3) The executive vice president and provost shall have a standing faculty promotion and tenure committee which is advisory to the provost. Members shall not participate in the review of cases from their own departments. Normally, the provost shall refer cases to this committee for advice only when there is concern regarding the appropriateness of lower level recommendations, when there are unclear or inconsistent recommendations from previous levels of review, or when all previous recommendations are negative. The university promotion and tenure committee shall prepare a written report of its assessment and vote for inclusion in the dossier.

(D) Modification of review processes for alternative administrative structures.

- (1) Regional campus faculty shall be reviewed by the faculty and dean and director on the appropriate campus using procedures established on each campus. This review shall focus primarily on the faculty member's contributions in teaching and service. The dean and director shall forward the report of the regional campus faculty and his or her recommendation to the chair of the faculty member's tenure initiating unit and inform the candidate of his or her recommendation. The review shall proceed as described in paragraphs (A) through (C) of this rule with the understanding that the relative weight of teaching and service is ordinarily greater on regional campuses.
- (2) If the college is the unit responsible for initiating tenure and promotion recommendations, it should follow the annual review and promotion and tenure procedures described for tenure initiating units. The dean shall forward the annual review letter or promotion and tenure dossier to the executive vice president and provost.
- (3) Schools follow the procedures established for tenure initiating unit reviews unless they contain departments that are tenure initiating units. In the latter case, the tenure initiating unit chair shall forward dossiers to the school director. The director shall forward the dossier, with his or her recommendation, to the dean of the college.
- (4) A subdivision within a tenure initiating unit may contribute to the evaluation of faculty members as provided for in the tenure initiating unit's appointments, promotion, and tenure document, but this review may not substitute for a review by the tenure initiating unit eligible faculty and chair.

(Board approval dates: 10/5/1984, 11/2/1990, 5/3/1996, 4/4/1997, 6/5/1998, 12/4/1998, 7/12/2002, 6/4/2004, 6/7/2005, 9/9/2011, 5/20/2021)

3335-6-05 Criteria and procedures for appeals of negative promotion and tenure decisions and reappointment nonrenewals and for seventh year reviews for tenure-track faculty.

- (A) Appeals. It is the policy of the Ohio state university to make decisions regarding the renewal of probationary appointments and promotion and tenure in accordance with the standards, criteria, policies, and procedures stated in these rules, supplemented by additional written standards, criteria, policies, and procedures established by tenure initiating units and colleges. If a candidate believes that a nonrenewal decision or negative promotion and tenure decision has been made in violation of this policy and therefore alleges that it was made improperly, the candidate may appeal that decision. Procedures for appealing a decision based on an allegation of improper evaluation are described in rule 3335-5-05 of the Administrative Code.

- (B) Seventh year reviews. Every effort should be made to consider new information about a candidate's performance before a final decision is made if the new information becomes available before a decision is rendered. In rare instances, a tenure initiating unit may petition the dean to conduct a seventh year review for an assistant professor who has been denied promotion and tenure. Both the eligible faculty of the unit and the chair must approve proceeding with a petition for a seventh year review. The petition must provide documentation of substantial new information regarding the candidate's performance that is germane to the reasons for the original negative decision. Petitions for seventh year reviews must be initiated before the beginning of the last year of employment because the seventh year review, if approved, would take place during the regular university review cycle of the assistant professor's seventh and last year of employment.

If the dean concurs with the tenure initiating unit's petition, the dean shall in turn petition the provost for permission to conduct a seventh year review. If the provost approves the request, a new review will be conducted equivalent to the one that resulted in the nonrenewal of the appointment. The conduct of a seventh year review does not presume a positive outcome. In addition, should the new review result in a negative decision, the faculty member's last day of employment is that stated in the letter of nonrenewal issued following the original negative decision.

A tenure-track faculty member may not request a seventh year review, appeal the denial of a seventh year review petition initiated by his or her tenure initiating unit, or appeal a negative decision following a seventh year review, since the faculty member has already been notified that tenure has been denied at the conclusion of the sixth year review.

(Board approval dates: 10/5/1984, 11/2/1990, 5/3/1996, 7/12/2002, 6/4/2004, 6/7/2005)

3335-6-06 Tenure initiating unit.

- (A) A tenure initiating unit is a division, department, school, or college approved by the council on academic affairs, the university senate, and the board of trustees. A tenure initiating unit has the following responsibilities for all faculty members assigned to it: to assist in professional development; to evaluate; to maintain official personnel records; and to initiate promotion, tenure, reappointment, and nonrenewal recommendations. The office of academic affairs shall be responsible for maintaining the official list of tenure initiating units.
- (B) A single division, department, school, or college must serve as the tenure initiating unit for each tenure-track faculty member, including individuals with multiple appointments. Multiple appointments to the tenure-track faculty totaling fifty per cent or more of service to the university shall be considered to be the same as a single appointment of fifty per cent or more for the purpose of determining eligibility for tenure.
- (C) A tenure-track faculty member may change from one tenure initiating unit to another voluntarily; or as a result of the restructuring of academic units, including consolidation, reorganization, or abolishment; or as a result of the abolishment of a tenure initiating unit during conditions of financial exigency. The following provisions govern such changes:
- (1) A faculty member may voluntarily move from one tenure initiating unit to another upon approval of a simple majority of all tenured faculty members in the receiving tenure initiating unit and, following consultation with the appropriate dean(s), the executive vice president and provost. Administrative approval will be dependent on whether satisfactory fiscal arrangements for the change have been made.

- (2) A faculty member's tenure initiating unit may be changed as a result of structural changes in academic units, including consolidation or reorganization of units, or abolishment of units, that are approved by the university senate and board of trustees.
 - (a) When academic units are to be consolidated or reorganized, resulting in the creation of one or more new tenure initiating units, the plan for relocating faculty to the new tenure initiating units shall be part of the approved restructuring proposal. Change in tenure initiating unit resulting from the consolidation or reorganization of academic units shall not require the consent of individual faculty members whose tenure initiating unit is changed. In addition, since a receiving unit does not exist when new units are being created, no vote of such a unit will be required in relocating faculty.
 - (b) When a tenure initiating unit is to be abolished and is not part of a plan to consolidate or reorganize two or more units into new tenure initiating units, every effort shall be made by the executive vice president and provost to transfer each tenure-track faculty member in that tenure initiating unit to another tenure initiating unit, in accordance with the provisions of paragraph (C) of this rule. Should such agreement be impossible, the person's tenure responsibility shall reside with the executive vice president and provost. The executive vice president and provost shall assign the faculty member appropriate duties. If the faculty member's previous assignment has been at a regional campus, the executive vice president and provost shall consult with the dean and director of the regional campus regarding an appropriate assignment.
- (3) A tenure-track faculty member whose tenure initiating unit is abolished during conditions of financial exigency, as described in rule 3335-5-02.1 of the Administrative Code, may be reassigned to a new tenure initiating unit under the terms of paragraph (C)(1) of rule 3335-5-02.2 of the Administrative Code.
- (D) When tenure-track faculty members change tenure initiating units under paragraphs (C)(2) and (C)(3) of this rule, the new tenure initiating units shall make reasonable efforts to assist faculty members in adjusting to the expectations of the new unit. Faculty members who believe that some other unit may be more appropriate than their new tenure initiating unit may also explore the possibility of further relocation under the terms of paragraph (C)(1) of this rule.

(Board approval dates: 10/5/1984, 11/2/1990, 2/1/1991, 2/4/1994, 5/3/1996, 4/4/1997, 3/6/1998, 12/4/1998, 7/12/2002, 6/4/2004, 6/7/2005, 6/6/2014)

3335-6-07 Campus assignment.

- (A) Every member of the faculty shall be assigned to serve on one of the university's campuses: the central campus in Columbus, the regional campuses in Lima, Mansfield, Marion, and Newark, or the agricultural technical institute (Wooster).
- (B) Decisions regarding the selection, assignment, responsibilities, salary, assessment, and promotion of a regional campus faculty member should involve full cooperation between the tenure initiating unit and the regional campus administration. All formal personnel recommendations must bear the signatures of the chair of the tenure initiating unit, the dean of the college of the tenure initiating unit, the dean and director of the regional campus, and the executive vice president and provost or designee.

- (C) Campus reassignment may occur only with the voluntary consent of the faculty member, and with the approval of the executive vice president and provost and that of a simple majority of all tenured faculty members in the transferee's tenure initiating unit when the reassignment is from a regional campus to the Columbus campus or all tenured faculty members on the receiving regional campus when the transfer is to a regional campus. Administrative approval will be dependent on whether satisfactory fiscal arrangements for the change have been made.

(Board approval dates: 10/5/1984, 10/4/1985, 2/6/1987, 11/2/1990, 2/1/1991, 5/3/1996, 4/4/1997, 12/4/1998, 7/9/2004)

3335-6-08 Standards of notice.

- (A) In cases of nonrenewal of an appointment to a tenure-track faculty rank, the university will, insofar as possible, observe the following standards of notice:
- (1) Not later than March first of the first academic year of probationary service, if the appointment expires at the end of that year; or if a one-year appointment expires during an academic year, at least three months in advance of its expiration;
 - (2) Not later than December fifteenth of the second academic year of probationary service, if the appointment expires at the end of that year; or if an appointment expires during the second academic year, at least six months in advance of its expiration; and
 - (3) At least twelve months before the expiration of an appointment after two or more years in the institution.
- (B) These standards of notice need not apply in cases of termination for cause.
- (C) In the event of a decision resulting in nonrenewal, the chair shall notify the faculty member in writing of that decision and the reasons for it.
- (D) Decisions regarding renewal of members of the associated faculty (adjunct, clinical practice, visiting titles, or lecturers) are made annually in accordance with criteria and procedures of the appointing instructional unit and in accordance with university policies relative to associated faculty positions.

(Board approval dates: 10/5/1984, 7/10/1987, 5/3/1996, 6/4/2004, 6/7/2005, 6/6/2014)

3335-6-09 Exceptions.

Any unit which believes that there is a reason for it to have policies and procedures differing from those set out in this chapter may request an exception. The request must be approved by the procedures established in the unit's pattern of administration and by the dean of the college, after broad and meaningful consultation with the unit's tenure-track faculty. The request will then be submitted to the executive vice president and provost and, if approved, to the university senate for approval.

(Board approval dates: 10/5/1984, 5/4/1989, 7/6/1990, 11/2/1990, 3/6/1992, 4/8/1994, 5/3/1996, 4/4/1997, 12/4/1998, 7/12/2002, 7/9/2004)

Chapter 3335-7 Clinical, teaching, practice and research faculty appointment, reappointment and nonreappointment, and promotion

3335-7-01 Definition.

Clinical/teaching/practice are faculty appointments of the same type that are fixed term contract appointments that do not entail tenure. These faculty are teacher/practitioners and shall be engaged primarily in teaching activities related to: a) courses or instructional situations involving live patients or live clients, b) courses or instructional situations involving the simulation of live patients or live clients, c) courses or instructional situations involving professional skills, or d) teaching as defined in chapter 3335-6-02(A)(2) of the Administrative Code.

(Board approval dates: 7/12/2002, 6/4/2004, 6/7/2013, 5/31/2019)

3335-7-02 Titles.

Titles will be:

- a. Clinical instructor, assistant clinical professor, associate clinical professor, or clinical professor.
- b. Teaching instructor, assistant teaching professor, associate teaching professor or teaching professor.
- c. Professional practice instructor, professional practice assistant professor, professional practice associate professor, or professional practice professor.

(Board approval dates: 7/12/2002, 6/4/2004, 6/1/2007, 6/7/2013, 11/3/2017, 11/16/2018, 5/31/2019, 2/10/2022)

3335-7-03 Appointment cap.

Unless an exception is approved by the university senate and the board of trustees, clinical/teaching/practice faculty may comprise no more than forty percent of the total tenure-track, clinical/teaching/practice and research faculty (as defined in rule 3335-5-19 of the Administrative Code) in each of the colleges of the health sciences and no more than twenty percent of the tenure-track, clinical/teaching/practice, and research faculty in all other colleges. In all tenure-initiating units not in health sciences, the number of clinical/teaching/practice track faculty members must be fewer than the number of tenure-track faculty members in each unit.

(Board approval dates: 7/12/2002, 6/4/2004, 6/7/2005, 6/22/2012, 6/7/2013, 6/6/2014, 5/31/2019)

3335-7-04 Proposals and approval process.

- (A) Proposals to establish or amend a clinical/teaching/practice faculty in a college or school reporting directly to Office of Academic Affairs (OAA) must be submitted to the provost by the dean of the college or director of the school reporting directly to OAA. Proposals must include a clear rationale for establishing a clinical/teaching/practice faculty and address how the terms and conditions of the appointments will be consistent with the rules set forth in Chapter 3335-7 of the Administrative Code, what titles will be given to clinical/teaching/practice faculty, and what department and college governance rights will be extended to clinical/teaching/practice faculty. Clinical/teaching/practice faculty may not participate in the promotion and tenure reviews of tenure faculty. In addition, proposals must include the following components:

- (1) A definition of the role in teaching and scope of professional practice duties of clinical/teaching/practice faculty, identifying specifically how those differ from duties of

tenure-track faculty;

- (2) Identification of the requirements for a clinical/teaching/practice faculty appointment, including appropriate terminal degrees and any credential or licensure requirements; and
 - (3) Proposals must comply with any additional guidelines promulgated by the council on academic affairs and will be reviewed according to criteria specified by the council on academic affairs.
- (B) With the exception of changes to existing titles, proposals from a college or school reporting directly to OAA to establish or amend a clinical/teaching/practice faculty must be approved by a majority of the tenure-track faculty of the college or school reporting directly to OAA proposing to have a clinical/teaching/practice faculty, by the dean of the college or school reporting directly to OAA, by the executive vice president and provost, by the university senate, and by the board of trustees. The executive vice president and provost will transmit all proposals to the council on academic affairs, which will review proposals and make a recommendation to the university senate. Title changes must be consistent with rule 3335-7-02 of the Administrative Code, but need only be approved by a majority of the tenure track faculty and dean of the college or director of the school reporting directly to OAA proposing the amendment.

(Board approval dates: 7/12/2002, 6/4/2004, 6/7/2005, 6/1/2007, 6/7/2007, 6/7/2013, 5/31/2019)

3335-7-05 Criteria for appointment, for reappointment and nonreappointment, and for promotion.

Clinical/teaching/practice faculty may be appointed by colleges that do not have schools or departments and by schools and departments in colleges that have such subunits. The criteria for appointment, for reappointment and nonreappointment, and for promotion for clinical/teaching/practice faculty shall be established by the college, school, or department making such appointments and shall be set forth in that unit's appointments, promotion, and tenure document. The criteria must be consistent with the rationale for having clinical/teaching/practice faculty in the unit in question and must be distinct from the criteria for tenure-track faculty appointments. However, normally clinical/teaching/practice faculty will have an earned doctorate or other terminal degree in the relevant field or equivalent experience. The criteria for appointment, for reappointment and nonreappointment, and for promotion should reflect the importance of the responsibilities of clinical/teaching/practice faculty.

(Board approval dates: 7/12/2002, 6/4/2004, 6/7/2005, 6/7/2013, 5/31/2019)

3335-7-06 Procedures for appointment.

Procedures for appointment of clinical/teaching/practice faculty shall be established by the college, school, or department making such appointments and shall be set forth in that unit's appointments, promotion, and tenure document. Appointments at the rank of associate professor or professor require prior approval of the office of academic affairs.

(Board approval dates: 7/12/2002, 6/4/2004, 6/7/2013, 5/31/2019)

3335-7-07 Term of appointment.

- (A) The initial probationary contract for all clinical/teaching/practice faculty members must be for a period of five years. Second and subsequent contracts for clinical/teaching/practice assistant and associate

professors must be for a period of at least three years and for no more than five years. Second and subsequent contracts for clinical/teaching/practice professors must be for a period of at least three years and no more than eight years.

- (B) The initial contract is probationary, and a clinical/teaching/practice faculty member will be informed by the end of each probationary year as to whether they will be reappointed for the following year. By the end of the penultimate year of the probationary contract, the faculty member will be informed as to whether a new contract will be extended at the conclusion of the probationary contract period. In the event that a new contract is not extended, the final year of the probationary contract is the terminal year of employment. There is no presumption that a new contract will be extended. In addition, the terms of a contract may be renegotiated at the time of reappointment.
- (C) During and until the end of the second and subsequent contract periods, clinical/teaching/practice faculty appointments may only be terminated for cause (see rule 3335-5-04 of the Administrative Code) or financial exigency (see rule 3335-5-02.1 of the Administrative Code) and the termination decision for either of these reasons shall result from procedures established by faculty rules. In addition, a contract may be renegotiated during a contract period only with the voluntary consent of the clinical/teaching/practice faculty member. By the end of the penultimate year of each contract period, the clinical/teaching/practice faculty member will be informed as to whether a new contract will be extended at the conclusion of the current contract period. If a new contract is not extended, the final year of the current contract is a terminal year of employment. There is no presumption that a new contract will be extended. In addition, the terms of a contract may be renegotiated at the time of reappointment.
- (D) The standards of notice set forth in rule 3335-6-08 of the Administrative Code apply to clinical/teaching/practice faculty appointments.

(Board approval dates: 7/12/2002, 6/4/2004, 6/7/2005, 6/7/2013, 5/31/2019, 5/20/2021)

3335-7-08 Annual review, reappointment/nonreappointment, and promotion review procedures.

The procedures for reviewing clinical/teaching/practice faculty annually and for reappointment/nonreappointment and promotion shall be set forth in the relevant college, school or department appointments, promotion, and tenure. Procedures for promotion shall be consistent with review procedures established for tenure-track faculty, including those set forth in rules 3335-6-03 and 3335-6-04 of the Administrative Code with the following exceptions:

- (A) The college dean's decision shall be final with respect to reappointment and nonreappointment. Decisions with respect to promotion shall be forwarded to the executive vice president and provost, who shall review the decision consistent with the review procedures established for tenure-track faculty including those set forth in rule 3335-6-04. Any decision of the executive vice president and provost shall be final; and

(Board approval dates: 7/12/2002, 6/4/2004, 6/7/2013, 11/3/2017, 5/31/2019)

3335-7-09 Transfers from the tenure track faculty to the clinical/teaching/practice faculty.

A college, school, or department may provide for the possibility of transfers from the tenure faculty track to the clinical/teaching/practice faculty if appropriate to its circumstances. A unit that permits transfers must abide by the following:

- (A) The request for transfer must be initiated by the faculty member in writing and must state clearly how the individual's career goals and activities have changed;
- (B) When a tenured faculty member transfers to the clinical/teaching/practice faculty, tenure is lost; and
- (C) All transfers must be approved by the school director or department chair, the college dean, and the executive vice president and provost.

(Board approval dates: 7/12/2002, 6/4/2004, 6/7/2013, 5/31/2019)

3335-7-10 Transfers from the clinical/teaching/practice faculty to the faculty-track.

- (A) A college or academic unit that appoints clinical/teaching/practice faculty determines the level of participation in college and departmental structures.
- (B) A college or academic unit that appoints clinical/teaching/practice faculty and elects senators may, by vote of at least a majority of all of its tenure-track faculty, determine that the clinical/teaching/practice members of its faculty are eligible for election to the university senate.
- (C) Following approval by a college or academic unit of eligibility of its clinical/teaching/practice faculty for election to the senate under the foregoing paragraph:

(Board approval dates: 4/4/2008, 6/7/2013, 5/31/2019)

3335-7-30 Definition.

Research faculty appointments are fixed term contract appointments that do not entail tenure. Research faculty are researchers and shall be engaged in research related to the mission and goals of the academic unit.

(Board approval dates: 6/4/2004, 6/7/2013)

3335-7-31 Titles.

Titles will be research assistant professor, research associate professor, or research professor.

(Board approval dates: 6/4/2004, 6/7/2013, 2/10/2022)

3335-7-32 Criteria for appointment, for reappointment and non-reappointment, and for promotion.

With tenure-track faculty majority approval, research faculty may be appointed by colleges that do not have schools or departments and by schools and departments in colleges that have such subunits. Unless otherwise authorized by a majority vote of the tenure-track faculty in a unit, research faculty must comprise no more than twenty per cent of the number of tenure-track faculty in the unit. In all cases, however, the number of research faculty positions in a unit must constitute a minority with respect to the number of tenure-track faculty in the unit.

The criteria for appointment, reappointment and nonreappointment, and for promotion for research faculty shall be established by the college, school or department making such appointments and shall be set forth in that unit's appointments, promotion and tenure document and approved by a majority vote of the tenure-track faculty of the unit and approved by the office of academic affairs. The criteria must be distinct from the criteria for tenure-track faculty appointments and cannot require classroom teaching. Research faculty will have an earned doctorate or other terminal degree in the relevant field. The criteria for appointment, for reappointment and nonreappointment, and for promotion should reflect the preponderance of responsibilities being in research activities.

(Board approval dates: 6/4/2004, 6/7/2013)

3335-7-33 Procedures for appointment.

Procedures for appointment of research faculty shall be established by the college, school or department making such appointments and set forth in that unit's appointments, promotion, and tenure document and approved by a vote of tenure-track faculty of the unit and the office of academic affairs. Appointments at the rank of research associate professor or research professor require prior approval of the relevant college and the office of academic affairs.

(Board approval dates: 6/4/2004, 6/7/2013)

3335-7-34 Duties and responsibilities.

The primary duty of research faculty is to conduct research. A research faculty member may, but is not required to, participate in limited educational activities in the area of his or her expertise. However, teaching opportunities for each research faculty member must be approved by a majority vote of the TIU's tenure-track faculty. Under no circumstances may a member of the research faculty be continuously engaged over an extended period in the same instructional activities as tenure-track faculty. An appointment to a research faculty position should not be made to displace or make unnecessary an appointment to a tenure-track faculty position.

(Board approval dates: 6/4/2004, 6/7/2005, 6/7/2013)

3335-7-35 Term of appointment.

- (A) Contracts will be for a period of at least one year and for no more than five years.
- (B) Contracts must explicitly state the expectations for salary support and generally will require one hundred per cent salary recovery. It is expected that salary recovery/support will be derived from extramural funds.
- (C) The initial contract is probationary, and a research faculty member will be informed by the end of each probationary year as to whether he or she will be reappointed for the following year. By the end of the penultimate year of the probationary contract, the research faculty member will be informed as to whether a new contract will be extended at the conclusion of the probationary contract period. In the event that a new contract is not extended, the final year of the probationary contract is the terminal year of employment. There is no presumption that a new contract will be extended. In addition, the terms of a contract may be renegotiated at the time of reappointment.
- (D) During and until the end of the second and subsequent contract periods, research faculty appointments may be terminated for not meeting the terms of the contract (e.g. failure to obtain extramural support for the research). Appointments may also be terminated during a contract period for cause (see rule 3335-5-04 of the Administrative Code), or financial exigency (see rule 3335-5-02.1 of the Administrative Code), and the termination decision for either of these reasons shall result from procedures established by faculty rules. In addition, a contract may be renegotiated during a contract period only with the voluntary consent of the research faculty member. By the end of the penultimate year of each contract period, the research faculty member will be informed as to whether a new contract will be extended at the conclusion of the current contract period. If a new contract is not extended, the final year of the current contract is a terminal year of employment. There is no presumption that a new contract will be extended. In addition, the terms of a contract may be renegotiated at the time of reappointment.
- (E) The standards of notice set forth in rule 3335-6-08 of the Administrative Code apply to research faculty appointments.

(Board approval dates: 6/4/2004, 6/7/2005, 6/7/2013, 6/6/2014)

3335-7-36 Annual review, reappointment/nonreappointment, and promotion review procedures.

The procedures for reviewing research faculty annually and for reappointment/nonreappointment and promotion shall be set forth in the relevant, tenure-track faculty approved, college, school or department appointments, promotion and tenure document and shall be consistent with review procedures established for tenure-track faculty including those set forth in rules 3335-6-03 and 3335-6-04 of the Administrative Code except that the college dean's decision shall be final with respect to reappointment and non-reappointment. Decisions with respect to promotion shall be forwarded to the executive vice president and provost, who shall review the decision consistent with the review procedures established for tenure-track faculty including those set forth in rule 3335-6-04. Any decision of the executive vice president and provost shall be final.

(Board approval dates: 6/4/2004, 6/7/2013, 11/3/2017)

3335-7-37 Governance rights.

Governance rights within a tenure-initiating unit (TIU) at the local level will be determined by the TIU and will require a vote of its voting faculty.

Research faculty will also be eligible to advise and supervise graduate and postdoctoral students and to be a principal investigator on extramural research grant applications. Approval to advise and supervise graduate students must be obtained from the graduate school as set forth in rule 3335-5-29 and detailed in the graduate school handbook.

Research faculty will not be eligible to vote on the promotion or tenure of tenure-track faculty or the promotion of clinical/teaching/practice faculty.

(Board approval dates: 6/4/2004, 6/7/2013, 6/6/2014, 5/31/2019)

3335-7-38 Transfers from the tenure-track faculty to research faculty.

A college, school or department may provide for the possibility of transfer from the tenure-track faculty to the research faculty if appropriate to its circumstances and if provided for in the unit's appointments, promotion and tenure document. A unit that permits transfers must abide by the following:

- (A) The request for transfer must be initiated by the tenure-track faculty member in writing and must state clearly how the individual's career goals and activities have changed.
- (B) When a tenured faculty member transfers to the research faculty, tenure is relinquished.
- (C) The school director or department chairperson, the college dean, and the executive vice president and provost must approve all transfers.

(Board approval dates: 6/4/2004, 6/7/2013)

3335-7-39 Transfers from the research faculty to the tenure-track.

Transfers from the research faculty to the tenure-track faculty are not permitted. However, research faculty may apply for tenure-track positions and compete in regular national searches for such positions.

(Board approval dates: 6/4/2004, 6/7/2013)

3335-7-40 Oversight.

The office of academic affairs will submit an annual report to the university senate detailing the number, funding source, and TIU of research faculty appointments that have been made the previous year. Also included in the report will be the conditions of the appointments including fiscal arrangements. In unusual circumstances, salaries of research faculty may be paid on a temporary basis from funds other than those generated from tuition and subsidy.

(Board approval dates: 6/4/2004, 6/7/2005, 6/7/2013)

- (B) Instructors who deviate from regular university schedules by holding special sessions or examinations must have received approval from their department chair, regional campus dean and director or college dean to hold such special sessions or examinations. Such instructors shall accommodate students who may have conflicts because of required attendance in regularly scheduled classes. This rule does not apply to policies for the scheduling of final examinations which are provided in rule 3335-8-20 of the Administrative Code.

(Board approval dates: 6/3/1988, 5/3/1996, 7/9/2004)

3335-8-21 Marks.

The official marks of the university are as follows: "A," "A-," "B+," "B," "B-," "C+," "C," "C-," "D+," "D," "E," "EM," "EN," "NEN," "I," "K," "P," "PA," "PE," "NP," "R," "S," "U," "W." These marks shall have the following meaning:

- (A) "A," "A-"

The instructor judged the student to have satisfied the stated objectives of the course in an excellent manner. The student's performance was judged to be in this range of high quality based upon a comparison with other students in the course, and/or with students who have taken the course previously, and/or the instructor's personal expectations relative to the stated objectives of the course, based on the instructor's experience and expertise.

- (B) "B+," "B," "B-"

The instructor judged the student to have satisfied the stated objectives of the course in an above-average manner. The student's performance was judged to be in this range of above-average quality based upon a comparison with other students in the course, and/or with students who have taken the course previously, and/or the instructor's personal expectations relative to the stated objectives of the course, based on the instructor's experience and expertise.

- (C) "C+," "C," "C-"

The instructor judged the student to have satisfied the stated objectives of the course in an average manner. The student's performance was judged to be in this range of average quality based upon a comparison with other students in the course, and/or students who have taken the course previously, and/or the instructor's personal expectations relative to the stated objectives of the course, based on the instructor's experience and expertise.

(D) "D+," "D"

The instructor judged the student to have satisfied the stated objectives of the course in a low but acceptable manner. The student's performance was judged to be in this range of below average but acceptable quality based upon a comparison with other students in the course, and/or with students who have taken the course previously, and/or the instructor's personal expectations relative to the stated objectives of the course, based on the instructor's experience and expertise.

(E) "E"

The instructor judged the student not to have satisfied the stated objectives of the course. Credit for a course in which the mark "E" has been received can be obtained only by repeating and passing the course in class (see rules 3335-8-23 to 3335-8-28 of the Administrative Code).

(F) "EM" - examination

- (1) This mark indicates credit given to students registered in the university on the basis of examinations taken prior to or after admission to the university. The level of achievement which must be demonstrated by the student on these examinations in order to receive "EM" credit (except advanced placement credits) shall be determined by the department or school in which the course is offered for credit, in accord with the criteria for the award of letter grades. This credit shall be assigned only upon the authorization of the chair of the department or the director of the school and with the approval of the authorized representative of the dean or director of the student's enrollment unit.
- (2) Examination credit shall not be given to a student for a course in which the student has received a mark at this university or for which the student has transfer credit from some other college or university. No credit points are allowed for courses in which a mark of "EM" is given.

(G) "I" – incomplete, "IX" - extension of incomplete

- (1) An "I" indicates that the student has completed a major portion of the work in the course in a satisfactory manner, but for reasons judged by the instructor to be legitimate, a portion of the course requirements remains to be completed.
- (2) The mark "I" shall be reported to the office of the university registrar together with the mark which the university registrar is authorized to enter on the student's official record unless a different mark is reported to the office of the university registrar in the manner and within the time described in this rule.
- (3) The student must complete the work so that the instructor of the course may report the final mark at the earliest possible time, but not later than noon of the sixth Saturday of the semester, or session, following that in which the "I" was received. For legitimate reason the instructor may establish a deadline for the completion of the work which is within the maximum time permitted. Upon petition of the student within this period, the instructor or, if the instructor is unavailable, the chair of the department involved, may for good reason allow

a student additional time in which to complete the work. An extension beyond the date grades are due for the semester, or session following that in which the "I" was received requires concurrence of the instructional unit's dean, director, or college secretary. Any decision extending the period shall set forth the time in which the student shall complete the work and a copy of the decision shall be forwarded to the office of the university registrar. This approved extension will appear on the record as an "IX" mark.

- (4) As soon as the incomplete work has been made up, the instructor, or in the case of the instructor's absence from the university, the department chair or the director of the school, shall file the proper mark in the office of the university registrar. Until such time as a final mark is recorded the credit for the mark "I" or "IX" shall be counted as hours only, and shall not be considered in determining a student's point-hour ratio under rule 3335-8-26 of the Administrative Code.
- (5) In no case shall a student who has received the mark "I" or "IX" be permitted to repeat the course in which such mark was received until such time as the "I" or "IX" has been removed and then only in such cases as fall within rule 3335-8-28 of the Administrative Code.

(H) "K" - credit

This mark shall be used for work credited from other institutions by the director of undergraduate admissions only. "K" credit shall be counted as hours only and shall not be considered in determining a student's point-hour ratio under rule 3335-8-26 of the Administrative Code.

(I) "EN" - E, non-attendance

This mark shall be used to indicate that the student was properly registered for the course, but failed to complete the course because of non-attendance. It does not differentiate between the student who never attended or stopped attending at some point during the academic term.

When assigning this mark, an instructor must also provide some indication (e.g. day or week of the academic term) of when the student stopped attending the course.

This mark shall be treated as an "E" for the purpose of calculating a student's point-hour ratio.

(J) "P" - progress

This mark is used to indicate that the student has shown satisfactory progress in a series or sequence of courses where the mark is not recorded until the final semester, or session of the series or sequence is completed. Until such time as a final mark is recorded, the mark of "P" shall be given and the credit shall be counted as hours only, and shall not be considered in determining a student's point-hour ratio under rule 3335-8-26 of the Administrative Code. When a final mark is submitted by the instructor, all previous "P" marks shall assume and be recorded with the value of this final mark.

(K) "PA" - pass, "NP" - non-pass

- (1) The grade pass "PA" means the student has satisfied the stated objectives of the course, and the grade non-pass "NP" is the equivalent of the grade "E."
- (2) These marks may be used at the option of undergraduate or continuing education students only, subject to the following conditions:

- (a) This grading pattern may be chosen for a maximum of twenty credit hours, provided the student has an accumulated point-hour ratio of 2.0 or higher.
 - (b) An undergraduate student may elect this option for courses that are not required or designated as required electives in the curriculum leading to the degree for which the student is a candidate.
 - (c) Hours graded pass "PA" count toward the minimal number of hours required for a degree. Pass or non-pass marks ("PA," "NP") are not computed in the point-hour average of the student.
 - (d) Before close of business of the fourth Friday of a semester or summer term; the second Friday of a seven-week session during a semester or a six- or eight-week session during summer term; or the first Friday of a four-week summer session, a student must have declared intention to take a course on this basis by filing the appropriate form with the dean or director of the student's enrollment unit. A student may not change to or from this option after this same deadline.
- (L) "PE" — Emergency Pass
- (1) In the event that Exceptional Circumstances is declared all courses for that semester normally graded A-E shall be recorded as follows:
 - a. undergraduates graded D+ or D shall be recorded by the registrar as PE.
 - b. graduate students graded C+, C, C-, D+, or D shall be recorded as PE.
 - c. a grade of E shall be recorded as NP, and the EN mark shall be recorded as "NEN."
 - (2) "Exceptional Circumstances" is defined as widespread circumstances outside the control of students and instructors that may adversely affect academic performance.
 - (3) Exceptional Circumstances are declared by the senate, or by the provost following a recommendation from the council on enrollment and student progress, and confirmation by the senate steering committee.
 - (4) Hours graded "PE" count toward the minimal number of hours required for a degree but are not computed in the point-hour average of the student.
 - (5) The PE grade shall revert to the letter grade reported by the instructor upon student petition to the registrar. Petitions shall be made before the end of the second succeeding semester or summer term, but prior to graduation. Such a reversion is irrevocable.
 - (6) Policies requiring certain grades for progression in a sequence, admission to a program, or academic standing would be unaffected by this system. Accommodations to allow use of PE grades these cases remain at the discretion of the individual program or college.
 - (7) In any semester in which Exceptional Circumstances have been declared by senate or provost, the deadline for a student to withdraw from a course without petition as defined in 3335-8-32 (E) shall be extended by three weeks in fifteen-week semesters and a proportional amount in shorter sessions.

- (8) Grade forgiveness used for a course taken during a semester in which Exceptional Circumstances have been declared by senate or provost will not count toward the three-course limit defined in 3335-8-27.1 (C).

(M) "R" - registered to audit

- (1) This mark indicates that the student has registered to audit the course and has met the conditions established for audit enrollment in the course. No credit hours shall be awarded for this mark (see rules 3335-8-29 and 3335-8-33 of the Administrative Code).
- (2) Before close of business of the fourth Friday of a semester or summer term; the second Friday of a seven-week session during a semester or a six- or eight-week session during summer term; or the first Friday of a four-week summer session, a student must have declared intention to take a course for audit or to change from a credit to an audit basis by filing the appropriate form with the dean or director of the student's enrollment unit. A student may not change to or from the audit option this same deadline.

(N) "S" - satisfactory, "U" - unsatisfactory

- (1) The mark "S" may be used to record either satisfactory progress in or completion of work, provided that the course has been approved for this mark by the dean of the college offering the course, and in the case of courses carrying graduate credit, by the dean of the graduate school. It shall be used as an alternative to "U" or "I" in all individual studies courses whatever their number. "S" credit shall be counted as hours only, and shall not be considered in determining a student's point-hour ratio under rule 3335-8-26 of the Administrative Code.
- (2) The mark "U" shall be used for unsatisfactory work in courses in which a student would be entitled to the mark of "S" if the student's work had been satisfactory. No credit shall be given for work marked "U." This mark shall not be considered in determining a student's point-hour ratio under rule 3335-8-26 of the Administrative Code.

(O) "W" - withdrew

- (1) This mark is used for students withdrawing from one or more courses or from the university.
- (2) See rule 3335-8-32 of the Administrative Code for procedures and provisions governing withdrawals.

(Board approval dates: 5/4/2001, 6/7/2002, 7/9/2004, 6/6/2014, 4/8/2016, 11/21/2019, 2/25/2021)

3335-8-22 Report of marks.

Upon completion of the course requirements, marks for every student shall be reported to the office of the university registrar in accord with published deadlines.

(Board approval dates: 7/9/2004, 6/22/2012)

3335-8-23 Alteration of marks.

- (A) A mark filed in the office of the university registrar is a part of the official records of the university. It is subject to change only when a procedural error has been discovered in evaluation or recording of

a grade. Action to change a grade must be initiated before the end of the second succeeding semester or summer term. In no case will a grade be revised in accordance with criteria other than those applied to all students in the class. If the instructor agrees that an error in the mark was made, the mark will be changed upon written authorization of:

- (1) The instructor of the course, and
- (2) The instructional unit's dean, director, or college secretary.

If a student believes that a procedural error in grading was made, the student should meet with the instructor. If the instructor does not agree that a procedural error was made, the student may meet with the department chair to discuss the grade grievance. The chair shall respond to the student no later than thirty days after the student has requested a review by the chair. Upon receipt of the chair's response, if the issue is not resolved to the satisfaction of the student, the student may within two weeks request in writing by duplicate submission to the dean or director of the instruction unit and the department chair the procedures in paragraph (B) of this rule. Unresolved cases of grade grievance due to grading procedures are subject to paragraph (B) of this rule; unresolved cases of grade grievance due to other causes are not subject to paragraph (B) of this rule.

- (B) Unresolved cases of grade grievance due to grading procedures shall be reviewed by a faculty departmental committee appointed by the department chair.

- (1) In cases of instructors still affiliated with the university, the review committee shall consult both the student and the instructor and shall determine the validity of the grade grievance due to grading procedures. The review committee shall make its findings known in writing to both the student and the instructor within thirty days of the student's request to the chair.

If the committee finds that a procedural error has occurred and if the instructor declines to accept the findings of the review committee, the committee shall consider the reasons for not authorizing a grade change given by the instructor and may, upon consideration of these reasons, authorize in writing a grade change to be instituted by the department chair.

- (2) In cases of instructors no longer affiliated with the university, the findings of the committee shall be reported to both the student and the instructor. If the instructor chooses not to respond, the judgment of the committee shall prevail. If the instructor responds and declines to accept the findings of the committee that a procedural error has occurred, the committee shall consider the reasons for not authorizing a change given by the instructor. In either case, the committee may, upon due consideration, authorize in writing a grade change (if such can be determined) to be instituted by the department chair.

If a department committee can find no academic basis upon which to recommend an appropriate grade for the course, the student shall be given the option of having the course stricken from the student's record and, if so desired, to retake that course without prejudice or penalty.

- (C) If charges of grave academic misconduct against an instructor are made and substantiated under rule 3335-5-04 of the Administrative Code, the department chair shall be authorized to appoint a department grade grievance committee to consider grading errors that are alleged to be related to the misconduct. The committee shall consider all evidence and present, in writing, a report to the chair indicating any recommended grade changes. The department chair shall be authorized to institute grade changes in accordance with the recommendations of the committee.

If a department committee can find no academic basis upon which to recommend an appropriate grade for the course, the student shall be given the option of having the course stricken from the student's record and, if so desired, to retake that course without prejudice or penalty.

- (D) The graduate school and graduate professional colleges may formulate appropriate modifications of this rule, subject to the approval of the council on academic affairs, and publish this rule in their bulletins.

(Board approval dates: 7/9/2004, 6/22/2012)

3335-8-23.1 Retention or disposal of materials submitted to meet course requirements.

- (A) Materials submitted by a student to satisfy course requirements shall either be returned to the student or made available for the student's inspection, after they have been marked or otherwise evaluated, before the end of the semester, summer term, or session in which the work is performed or, in the case of final projects and final examinations, no later than the fourteenth day of instruction of the following semester, summer term, or session.
- (B) Materials of this kind which have not been returned to the student shall be retained by the academic unit or the individual instructor until the last day on which a grade change may be initiated as provided for in paragraph (A) of rule 3335-8-23 of the Administrative Code. An exception to this rule may be made in the case of materials that are impracticable to store if the need for such exception is clearly communicated in writing and distributed to the students at the beginning of the course.

(Board approval dates: 6/5/1987, 7/9/2004, 6/22/2012)

3335-8-24 Credit hours.

- (A) All courses shall be assigned a number of credit hours in accordance with the procedure outlined in rules 3335-8-02 to 3335-8-04 of the Administrative Code. This may be any number from zero on up; however, in determining the credit hours assigned, the department, school, college and council on academic affairs should use as a guide the following suggested standards:
 - (1) One credit hour shall be assigned for each three hours per week of the average student's time, including class hours, required to earn the average grade of "C" in this course.
 - (2) One credit hour shall be assigned for each two consecutive hours of practical or experimental work per week in any department or school.
 - (3) One credit hour shall be assigned for each three hours of laboratory work per week, when no additional outside work is required. When outside work is required, then the standard in paragraph (A)(1) of this rule shall be applied.
- (B) In determining the hours per week required by the course or work, the council on academic affairs may, in appropriate cases, consider the average weekly hours spent during a semester, summer term, or session on the course or work. It should be remembered that the above are guides only and may be deviated from for good cause.
- (C) When comparing or combining semester credit hours with quarter credit hours, one semester credit hour shall be the equivalent of one and one-half quarter credit hours.

(Board approval dates: 7/9/2004, 6/22/2012)

3335-8-25 Credit points.

(A) Credit points shall be assigned on the following basis:

For each credit hour of "A,"	4.0 credit points shall be allowed
For each credit hour of "A-,"	3.7 credit points shall be allowed
For each credit hour of "B+,"	3.3 credit points shall be allowed
For each credit hour of "B,"	3.0 credit points shall be allowed
For each credit hour of "B-,"	2.7 credit points shall be allowed
For each credit hour of "C+,"	2.3 credit points shall be allowed
For each credit hour of "C,"	2.0 credit points shall be allowed
For each credit hour of "C-,"	1.7 credit points shall be allowed
For each credit hour of "D+,"	1.3 credit points shall be allowed
For each credit hour of "D,"	1.0 credit points shall be allowed
For each credit hour of "E,"	0.0 credit points shall be allowed
For each credit hour of "EN,"	0.0 credit points shall be allowed

(B) All other marks (see rule 3335-8-21 of the Administrative Code) carry no credit points.

(Board approval dates: 6/7/2002, 7/9/2004)

3335-8-26 Point-hour ratio.

(A) The point-hour ratio of a student shall be computed by dividing the sum of the applicable number of credit hours (as defined in paragraph (B) of this rule) in which the marks "A," "A-," "B+," "B," "B-," "C+," "C," "C-," "D+," "D," "E," or "EN" have been given into the sum of the credit points (see rule 3335-8-25 of the Administrative Code) assigned for such hours.

(B) When determining the point-hour ratio of a student:

- (1) For a semester, summer term or session, the "applicable number of credit hours" shall be the student's scheduled credit hours in that semester, summer term, or session.
- (2) For the student's work in the university, the "applicable number of credit hours" shall be the total number of credit hours undertaken in the university except as modified by paragraph (A)(2) or (B) of rule 3335-8-27.1 of the Administrative Code.
- (3) For the student's work in the graduate school, the "applicable number of credit hours" shall be the total number of graduate credit hours undertaken while enrolled in the graduate school. For the student's work in a professional college or school or professional division of a college, the "applicable number of credit hours" shall be the total number of credit hours undertaken while enrolled in the professional college or school or professional division of a college.
- (4) For the student's work in the major field of interest, the "applicable number of credit hours" shall be the total number of credit hours undertaken in courses approved for the major program.

- (C) No college of medicine point-hour average shall be computed for a student enrolled in the college of medicine in a curriculum leading to the degree, doctor of medicine, when that student has received only the marks of "H," "S," or "U" in the college of medicine.

(Board approval dates: 8/1/1997, 6/7/2005, 12/2/2005, 6/22/2012)

3335-8-26.1 Recalculation of cumulative point-hour ratio.

- (A) An undergraduate student who re-enrolls in the university after an absence of five or more years may petition the dean or director of his or her enrollment unit to recalculate the cumulative point-hour ratio of his or her previous residency. If the petition is approved, all courses taken will remain on the permanent record. Those with marks of "A," "A-," "B+," "B," "B-," "C+," "C," "C-," "EM," "K," "PA," "PE," or "S" will be counted for credit only. No other marks will be counted for credit.
- (B) If the petition is approved, the student resumes his or her academic program with no cumulative point-hour ratio, and thereafter is subject to the conditions of warning, probation, and dismissal that govern all students (see rules 3335-9-24 to 3335-9-28 of the Administrative Code).
- (C) Under the provisions of this rule a student, before graduation, must be re-enrolled for a minimum of:
- (1) Thirty credit hours and
 - (2) Two academic semesters or one semester and one summer term.
- (D) Unless a student has completed sixty credit hours subsequent to the application of a fresh start, in accordance with rule 3335-9-33 of the Administrative Code, all courses ever taken at the university will be used in the calculation of the cumulative point-hour ratio required for the purposes of graduation with honors.
- (E) The graduate school and graduate professional colleges may formulate appropriate modifications of this rule, subject to approval by the council on academic affairs, and shall publish the rule in their bulletins.

(Board approval dates: 6/7/1979, 7/10/1981, 5/3/1996, 6/22/2012, 4/8/2016, 2/25/2021)

3335-8-27 Failure in a required course.

- (A) An undergraduate or professional student who has not been dismissed from the university must repeat in a regularly scheduled class, at the first opportunity, a required course in which a mark of "E" or "EN" has been received, unless an equivalent course is recommended and approved by the authorized representative of the dean or director of the student's enrollment unit.
- (B) A graduate student who has not been dismissed from the university must repeat in a regularly scheduled class a required course in which a mark of "E" or "EN" has been received only if this is required by the student's adviser.

(Board approval date: 6/7/2005)

3335-8-27.1 Grade forgiveness rule.

Undergraduate students may petition the authorized representative of the dean or director of their enrollment unit to repeat a course and, after completing the course the second time, have the original course credit and grade excluded from the calculation of the student's cumulative point-hour ratio, but remain on the student's official permanent record. This action will be subject to the following conditions:

- (A) This rule may be applied for a maximum of three courses.
- (B) Grade forgiveness used for a course during Exceptional Circumstances as defined in 3335-8-21 (L) will not count toward the three-course limit.
- (C) The graduate school and graduate professional colleges may formulate appropriate modifications of paragraph (A) of this rule, subject to the approval of the council on academic affairs, and publish the rule in their bulletins.

(Board approval dates: 7/21/1978, 6/7/1985, 6/7/2005, 6/22/2012, 6/5/2015, 4/8/2016, 11/21/2019, 2/25/2021)

3335-8-28 Repetition of courses.

- (A) Except as specified by rule 3335-8-27 of the Administrative Code, undergraduate students who have received a mark of "E," "EN," or "NP" in a course at this university may repeat the course for credit at their option.
- (B) Undergraduate or professional students, as defined in rule 3335-9-01 of the Administrative Code, who have received a mark of "A," "A-," "B+," "B," "B-," "C+," "C," "C-," "D+," "D," "EM," "K," or "PA" in a course at this university may repeat the course for credit only upon the recommendation of the authorized representative of the dean or director of their enrollment unit.
- (C) A graduate student, as defined in rule 3335-9-01 of the Administrative Code, may repeat for credit any course when approval is given by the student's adviser.
- (D) A student who has audited a course may subsequently repeat the course for credit only upon receiving permission of the authorized representative of the dean or director of the student's enrollment unit.
- (E) The credit hours for a repeated course shall in no case be counted more than once in meeting graduation requirements. When a student repeats a course, both grades appear on the student's record and both are used in computing the point-hour ratio, except as modified by rule 3335-8-27.1 of the Administrative Code.

(Board approval dates: 4/7/2000, 6/29/2001, 6/7/2005)

3335-8-29 Admission to courses as an auditor.

An undergraduate or professional student may audit a course upon the approval of the professor in charge of the course and the dean of the college, or designee, in which the student is registered. (For repetition of courses, see rule 3335-8-28 of the Administrative Code.) A graduate student may audit a course upon the approval of the professor in charge of the course and the student's adviser.

(Board approval date: 7/9/2004)

3335-8-32 Withdrawal from courses or from the university.

- (A) Withdrawal from the university during a semester, summer term, or session, constitutes withdrawal from all courses in which a student is enrolled during that semester, summer term, or session. Upon official notification of the student's withdrawal from the university, the university registrar is authorized to enter the dated notation "withdrew" on the student's official permanent record.
- (B) To withdraw from any or all courses, a student must file the appropriate form with the authorized representative of the dean or director of the student's enrollment unit.
- (C) Until close of business of the fourth Friday of a semester or summer term; the second Friday of a seven-week session during a semester, or a six- or eight-week session during summer term; or the first Friday of a four-week summer session, a student may withdraw from any or all courses which began in the same semester, summer term, or session and no record for the course(s) will be entered on the student's official permanent record.
- (D) After close of business of the fourth Friday of a semester or summer term; the second Friday of a seven-week session during a semester, or a six- or eight-week session during summer term; or the first Friday of a four-week summer session, if a student withdraws from any or all courses which began in the same semester, summer term, or session, the university registrar is authorized to enter the mark "W" on the student's official permanent record for the courses withdrawn.
- (E) Until close of business on the following days, student may submit a form in their enrollment unit to drop a course or withdraw from the university:
 - (1) The tenth Friday, for courses taken during a full-term autumn, spring, or summer semester
 - (2) The sixth Friday, for courses taken during an eight-week summer session
 - (3) The fifth Friday, for courses taken during a seven-week session in an autumn or spring semester
 - (4) The fourth Friday, for courses taken during a six-week summer session
 - (5) The third Friday, for courses taken during a four-week summer session

After those dates, a student, who because of circumstances beyond their control finds it necessary to withdraw from any or all courses, must file the appropriate petition with the authorized representative of the dean or director of the enrollment unit. Reasons not acceptable include (but are not limited to) the student's performance in the course(s), lack of preparation for the course(s), or dissatisfaction with the subject matter offered in the course(s). If the petition is approved, a copy will be filed with the university registrar who is then authorized to enter the mark "W" on the student's official permanent record and the instructor(s) of the course(s) will be so notified. If the petition is not approved, the student continues to be enrolled in the course(s) and a final mark must be submitted by the instructor(s). Withdrawal from any and all courses shall not be permitted after the last day of regularly scheduled classes except when the student experiences a genuine emergency after the regularly scheduled classes end and prior to sitting for the final examination in a given course or courses.

- (F) The above deadlines shall be extended as spelled out in 3335-8-21 (L) (6) in any semester in which Exceptional Circumstances have been declared.

(Board approval dates: 7/9/2004, 6/22/2012, 4/8/2016, 11/21/2019, 2/25/2021)

3335-8-33 Conditions and procedures for disenrollment from a course.

- (A) The instructor (or in the case of a graduate teaching associate, the supervising faculty member), the chair of the instructor's department (with the agreement of the instructor), or other appropriate administrative official may disenroll a student from a course if:

- (1) After the third instructional day of the semester, summer term, or session, the first Friday of the semester, summer term, or session, or the student's second scheduled class meeting of the course, whichever occurs first, the student fails to attend the scheduled course without giving prior notification to the instructor. Under this paragraph, no student may be disenrolled from a course until after the first course meeting following the student's registration. When the department elects to use this procedure, the instructor, the chair, or other appropriate administrative official shall notify the student's enrollment unit. The enrollment unit will notify the student and take appropriate action to remove the student from the course.

Since not all departments exercise the option to disenroll students in all courses, this rule does not relieve the student of the responsibility for dropping a course the student is not attending.

- (2) The student enrolls to audit a course without the instructor's approval, or fails to meet the prerequisites of the course. Disenrollment procedures shall be the same as in paragraph (A)(1) of this rule.
- (3) Before the fourth Friday of a semester, or summer term, the second Friday of a session during autumn or spring semesters, the second Friday of a six- or eight-week summer session, or the first Friday of a four-week summer session, and following completion of a placement examination, or another appropriate measure of preparation or ability, the student is judged to be registered in an inappropriate course. The department or school offering the course may then instruct the secretary of the college or school in which the student is enrolled to change the student's registration either to a more elementary or more advanced course.
- (B) Disenrollment, under paragraph (A) of this rule, is effective upon action of the instructor, department chair, or other appropriate administrative official.
- (C) Credit for all rescheduled courses resulting from action under paragraph (A)(3) of this rule shall count toward the fulfillment of graduation requirements unless the student has previously earned university or college credit in a course having substantially the same subject matter content or the substituted course is one which the department or school, with the approval of the council on academic affairs, has established for students with inadequate preparation for college level courses of that department or school.
- (D) If a student who has enrolled to audit a course fails to complete the requirements for audit specified by the instructor and also fails to withdraw from the course, the instructor shall so inform the office of the university registrar when marks are reported for the semester, summer term, or session. That office will then disenroll the student from the course, removing the course from the student's permanent record, and will notify the student and the student's college of the action taken.

- (E) After investigation, including consultation with the instructor and the student in question, and utilizing other university resources, as desirable, the chair (or other appropriate administrative official) may disenroll a student from a course if the student presents a clear and present threat of bodily harm or injury to the instructor or fellow students, or, after warning, continues to engage in disruptive conduct, either of which results in impairment of teaching or learning processes:
- (1) If, after attempting to resolve the difficulty by informal means, the department chair (or other appropriate administrative official) deems disenrollment necessary, the affected student shall be notified in writing. The notice shall be delivered by hand or sent through ordinary mail to the student at the last address supplied pursuant to rule 3335-9-09 of the Administrative Code. Copies of the disenrollment action shall be sent to the dean of the instructional college, the dean of the student's college, the office of the university registrar, and the office of student affairs.
 - (2) The student may appeal to the executive vice president and provost or designee for waiver of disenrollment under paragraph (E) of this rule, provided the appeal is filed within ten days of the disenrollment action. The executive vice president and provost shall make final determination on the appeal within seven days.
 - (3) Disenrollment is effective upon the action of the department chair (or other appropriate administrative official), unless reversed by the executive vice president and provost or designee.
- (F) For disenrollment, exclusive of audit, under paragraphs (A) and (E) of this rule, the university registrar shall enter on the student's official permanent record:
- (1) No mark, if the disenrollment occurs before close of business of the fourth Friday of a semester or summer term, the second Friday of a session during autumn or spring semester, or a six- or eight-week summer session; or the first Friday of a four-week course in summer session; or
 - (2) The mark, "W," if the disenrollment occurs after close of business of the fourth Friday of a semester or summer term; the second Friday of a session during autumn or spring semester, or a six- or eight-week summer session; or the first Friday of a four-week course in session.

(Board approval dates: 7/9/1976, 7/22/1977, 4/1/1983, 2/3/1984, 7/6/1984, 4/5/1985, 6/5/1987, 11/2/1990, 7/12/1991, 5/3/1996, 4/4/1997, 12/4/1998, 6/22/2012, 4/8/2016, 11/21/2019)

3335-8-34 Residence work.

- (A) Except for cases meeting the conditions of paragraph (B) of this rule, residence credit will be given only for work taken in residence within the basic organization of the educational units of the university. (See rule 3335-1-05 of the Administrative Code.)
- (B) By pre-arrangement with the head of the department or school concerned and with the approval in advance of the appropriate executive committee, an undergraduate student of good standing who has already secured satisfactory credits within a department or school may carry on work in absentia, and secure credit by examination for not to exceed a total of six hours. Credit so secured may be counted as a part of the work of the senior year.

(Board approval date: 7/9/2004)

3335-8-35 University year.

- (A) The university year shall include an autumn and spring semester, each of approximately sixteen weeks, and a summer term of approximately thirteen weeks. Semesters, summer term, and sessions are inclusive of instructional days, scheduled reading and exam days, and intra-semester breaks. Autumn and spring semesters may be divided into two sessions of approximately seven weeks each. Summer term may be divided into three continuous sessions of four weeks each, two continuous sessions of six weeks each, or two overlapping sessions of eight weeks each. The university year will begin in the autumn semester.
- (B) The academic calendar, including the dates of the beginning and ending of each semester, term session, finals schedule, and breaks shall be published in the appropriate university formats/media.

3335-8-36 Vacations.

All vacation dates shall be determined by the council of deans and published in the university bulletins as a part of the official calendar.

(Board approval date: 7/9/2004)

3335-8-37 Convocations.

A commencement for the conferring of degrees and certificates shall be held after the autumn and spring semester and the summer term.

(Board approval dates: 7/9/2004, 6/22/2012)

Admission requirements, including admission to advanced standing, for entrance into the university shall be adopted by the board of trustees upon recommendation of the appropriate faculty and the approval of the university senate.

3335-9-04 Specific admission requirements.

- (A) Undergraduate student. For admission as a regular undergraduate student, an applicant must be a graduate of a high school (or equivalent preparatory school), or must have passed equivalent entrance examinations. For unconditional admission the applicant must present a minimum of fifteen high school units distributed in accordance with a preparatory curriculum approved by the university faculty and must meet the special requirements of the college or school the applicant desires to enter, subject to such deficiencies (or conditions) as that college or school may permit (see also rule 3335-9-24 of the Administrative Code). The preparatory curriculum is not required for the unconditional admission of regular undergraduate students with high school graduation five or more years prior to the first semester or summer term of enrollment.

For admission as a special undergraduate student, an applicant must satisfy the executive vice president and provost, or designee, that the applicant is qualified to undertake the special program desired.

- (B) Graduate student. An applicant must meet the admission criteria established by the research and graduate council. All applicants must specify a field of specialization.

- (C) Professional student. An applicant for admission as a regular or special student in a professional program must meet the pre-professional requirements of the school, college or division of a college the applicant desires to enter. If the applicant does not meet the pre-professional requirements, the applicant may be admitted subject to such deficiencies (or conditions) as that school, college or division of a college may permit.
- (D) Transient student. To be considered for admission as a transient student, the applicant must present a brief, definite program endorsed by the president or dean of the student's university or college. Where this and all other pertinent matters are satisfactory to the director of admissions, the applicant may be admitted unless there is objection by the college, school or division of which the applicant seeks admission.

(Board approval dates: 11/3/2000, 6/7/2005, 5/14/2010)

3335-9-05 Admission of an undergraduate special student to regular standing.

An undergraduate special student who has completed two full years of college work and who desires to become a candidate for a degree may be transferred by the director of undergraduate admissions to the standing of a regular student by one of the following methods:

- (A) By meeting the entrance requirements of the college or school in which he or she desires to attain regular standing.
- (B) By assuming an addition of thirty semester hours and sixty points to the requirements of his or her curriculum.
- (C) By such other adjustments as may be approved by the undergraduate admissions office and the executive committee of the college concerned.

(Board approval date: 6/22/2012)

3335-9-06 Admission to advanced standing.

- (A) An applicant presenting credentials for admission to advanced standing as an undergraduate student will in general be refused admission unless the applicant's record is at least "C" as an average of all courses undertaken.
- (B) The director of undergraduate admissions may admit an applicant who does not fully meet this standard, provided the applicant's record is one that shows progressive improvement and provided the total credits allowed shall not be more than one-half the credit points counted on the applicant's complete record.
- (C) An undergraduate applicant having fewer than thirty transferable semester or forty-five transferable quarter credit hours at the time of first enrollment shall be subject to the provisions of paragraph (A) of rule 3335-9-04 of the Administrative Code and paragraph (B) of rule 3335-9-25 of the Administrative Code.

(Board approval dates: 5/4/2001, 6/22/2012)

3335-9-07 Academic aptitude and course placement test.

- (A) Every undergraduate student, excepting transient students, attending the university for the first time, is required to take an academic aptitude test under the supervision of the university orientation and testing center. He or she shall also take such course placement tests as are required by the appropriate college, school, or department.
- (B) The taking of this test by students entering the graduate school, the professional division of the college of engineering, or the colleges of dentistry, law, medicine, optometry, pharmacy, or veterinary medicine shall be optional with the graduate school or these colleges.

(Board approval dates: 8/1/1997, 12/5/2005)

3335-9-08 Medical examination and enrollment denial for medical reasons.

- (A) After admission, but prior to enrollment, each student seeking to enroll shall complete and submit to the university health service medical information in a form prescribed by the health service. Failure to comply with this requirement may result in denial of enrollment.
- (B) Students with certain physical, psychological or emotional health conditions may be subject to a hold from enrollment. Such a hold may be imposed when there is clear and convincing evidence that:
 - (1) The student's current state of physical health poses a substantial danger to the health and well-being of other members of the university community; or
 - (2) The student is suffering from a mental disorder and as a result of that disorder engages, or threatens to engage in behavior which:
 - (a) Poses a substantial danger or risk of causing harm to the student or to others; or
 - (b) Poses a substantial danger or risk to university property, or to the property of another member of the university community.
- (C) When the health of a student is alleged to be as defined in paragraph (B) of this rule, the director of the university health service, or designee, shall consult with the student about the student's health status. If the director decides it is necessary, the student may be required to submit to examination(s) deemed sufficient to evaluate such condition. The university health service will then review the case, including any medical evidence or opinion available, and determine appropriate university action. If the student fails to submit to an examination, or fails to furnish relevant health condition information, or if the review by the director discloses the existence of an immediate danger to the university community as set out in paragraph (B) of this rule, the student may be subject to a hold from enrollment; or conditions appropriate to protect the university community may be placed upon enrollment. In arriving at appropriate action, the director will take into account reasonable action on the part of the university to accommodate the student's condition.
- (D) If a student has been placed on a hold from enrollment, or otherwise experienced modification of enrollment status by reason of health conditions enumerated in paragraph (B) of this rule, the student may petition for revision of that status through the office of the vice president for student life.
 - (1) Such request must be accompanied by supporting documentation that the conditions for revision of enrollment status have been fulfilled, and/or that the health condition has changed

sufficiently to make revision appropriate. Upon receipt of such request, the vice president for student life will evaluate the evidence, or convene the case consultation committee (composed of representatives of counseling and consultation service, university health service, the student's academic unit, and other academic/administrative units as appropriate) for that purpose, and decide to:

- (a) Approve enrollment without condition;
 - (b) Approve enrollment with specified conditions such as medical treatment; or
 - (c) Deny enrollment.
- (2) The student must, in addition, meet all normal and appropriate standards for enrollment set by the academic unit in which the student seeks to enroll.

(Board approval dates: 6/1/2001, 5/14/2010)

3335-9-09 Student addresses.

At the time of registration each student shall submit to the office of the university registrar the address of the person who should be notified in case of emergency and his or her local address. All subsequent changes to these addresses shall be promptly reported to the office of the university registrar as long as the student is currently enrolled at the university.

3335-9-10 Removal of entrance conditions.

Entrance conditions assessed against students at the time of admission or transfer to a college may be removed by the executive vice president and provost, when the dean of a college in which the conditioned student is registered has certified to the director of admissions that the deficiencies have been made up. The methods to be followed in making up entrance conditions shall have the joint approval of the director of admissions and the dean of the college concerned and, for undergraduate students, shall be in accordance with policies established by the council on academic affairs in consultation with the council on admission and registration. Removal of entrance conditions shall take precedence over the student's regular college schedule. If credits earned in the university are to be substituted for such deficiencies, the student must earn a grade of "A," "A-," "B+," "B," "B-," "C+," "C," "C-," "D+" or "D" in courses approved to remove admission conditions.

(Board approval dates: 4/4/1997, 7/10/1998, 12/4/1998)

In those instances where faculty members wish to pursue degrees in other units or programs of this university, they must demonstrate that the acquisition of these degrees enhances their own competence as teachers and scholars. In making decisions to pursue additional degrees, these faculty must consider first and foremost the requirements of their total university commitment and responsibilities. Requests to

pursue additional degrees must be approved by the faculty member's TIU head and dean and by the dean of the college or director of the program in which the degree would be granted.

Senior administrative and professional appointees: In those instances where senior administrative and professional appointees wish to pursue degrees at this university, they must demonstrate that the acquisition of these degrees enhances their competence as university employees. In making decisions to pursue additional degrees, senior administrative and professional appointees must consider first and foremost the requirements of their total university commitment and responsibility. Requests to pursue additional degrees must be approved by the immediate supervisor; the TIU head, dean or the appropriate vice president, in whose area the senior administrative and professional appointee holds position; and dean of the college or director of the program in which the degree would be granted.

This fee payment deadline will apply to the postmark date for fees paid by mail and to the date of receipt for fees paid in person. Failure to meet this requirement will result in a penalty assessment, unless excused by the university registrar or designee.
- (B) Students whose fees are paid under contract with a third party will be held responsible for payment if the third party defaults or the contract is terminated.
- (C) The university registrar, as the designee of the executive vice president and provost, reserves the right to refuse registration if fees are not paid by the date on which they are due.

(Board approval dates: 4/4/1997, 12/4/1998, 12/6/2001, 3/1/2002, 6/22/2012)

3335-9-15 Penalty for payment of fees when payment is not honored.

The registration of any student who pays fees by a payment that is not honored upon presentation is subject to cancellation. If permitted to reregister and/or pay, the student will be assessed a penalty for reregistration and the regular penalty for late payment provided for in rule 3335-9-14 of the Administrative Code.

3335-9-16 Administrative holds.

- (A) With the approval of the executive vice president and provost, an administrative hold may be placed on the records or accounts of any person who fails to comply in a reasonable period of time with an obligation imposed under university rules or who has an overdue debt or fine. An administrative hold will cause certain services to be withheld, including, but not limited to: obtaining current semester, summer term, or session grades, registering or enrolling, being certified as eligible to obtain a degree or certificate, receiving a transcript, borrowing books or equipment, or participating in discount plans available to faculty, staff, or alumni.
- (B) The unit originating an administrative hold on the records or accounts of any person shall notify the person in writing of the obligation that is overdue by providing another itemized billing or list of actions requested, specifying when the administrative hold will become effective, and indicating the name and method of contacting an individual who can provide additional information.
- (C) Any disputes concerning the legitimacy of a hold or its processing will be resolved by the university registrar.

(Board approval dates: 4/4/1997, 12/4/1998)

3335-9-17 Timely registration.

All students are required to submit course requests each semester, or session, following procedures promulgated by the office of the university registrar. Failure to comply with this rule will result in a penalty assessment.

(Board approval dates: 6/7/2005, 6/6/2014)

3335-9-17.1 Additions to approved schedules.

- (A) Until the official closing time on the first Friday of a semester or summer term, a session of autumn or spring semesters, or a six- or eight-week summer session, additions to approved schedules in undergraduate colleges require the approval of the student's enrollment unit.
- (B) After the first Friday of a semester or summer term, a session of autumn or spring semesters, or a six- or eight-week summer session, and until the official closing time of the second Friday, additions to approved schedules require the permission of the instructor (or, with the instructor's concurrence, a representative as appointed by the department) and the approval of the student's enrollment unit.
- (C) After the second Friday of a semester or summer term, a session of autumn or spring semesters, or a six- or eight-week summer session, additions to approved schedules will not be permitted. Exceptions will be granted only by petition. Petitions must be filed with the authorized representative of the dean or director of the student's enrollment unit. Petitions will be approved only on the basis of clearly documented clerical error or unusual and extenuating circumstances beyond the student's control. Additions also require the permission of the instructor (or, with the instructor's concurrence, a representative as appointed by the department), the permission of the chair of the instructor's department or the director of the school (or of the designated representative of the chair or the director).
- (D) Because of the accelerated nature of four-week session courses in summer term, deadlines for adding these courses are as follows: after the first day of classes until the official closing time on the first Friday of each four-week session, a student may add a course only with the permission of the instructor (or, with the instructor's concurrence, a representative as appointed by the department) and the approval of the student's enrollment unit. After this date a student wishing to add a four-week session course to the approved schedule must petition the authorized representative of the dean or director of the student's enrollment unit. Petitions will be approved only on the basis of clearly documented clerical error or unusual and extenuating circumstances beyond the student's control. Additions also require the permission of the instructor (or, with the instructor's concurrence, a representative as appointed by the department), the permission of the chair of the instructor's department or the director of the school (or of the designated representative of the chair or the director).
- (E) For courses of shorter duration deadlines and approval procedures will be established by the instructional unit in which the course is offered after consultation with the office of the university registrar.
- (F) The graduate school and graduate professional colleges shall formulate rules to govern additions to approved schedules, subject to approval of the council on academic affairs and publish them in their respective bulletins.

(Board approval dates: 12/8/1977, 2/3/1984, 2/1/1991, 5/3/1996, 6/22/2012, 4/8/2016)

3335-9-18 Return of fees.

- (A) Fees (except for the application and acceptance fees) are returnable in part if a student withdraws from the university for any cause other than at the request of the university and if such withdrawal is

made within the period established by the executive vice president and provost in cooperation with the appropriate offices, and published by the office of the university registrar. The application fee and the acceptance fee are not returnable irrespective of the reason for withdrawal.

Students dismissed from the university or withdrawing at the request of the university are not entitled to any refund of fees.

- (B) In order to be eligible for the listed refund, the student's record and account must be free of any administrative hold (see rule 3335-9-16 of the Administrative Code).
- (C) If exceptional conditions prevent the presentation of the authorization to withdraw at the office of fees and deposits at the proper time, and if the student has not been able to attend classes during this time, the case should be referred for decision to the university registrar or designee.
- (D) If fees are paid under mistake of law or fact, they are returnable in full.
- (E) Fees are not returnable except as provided in this rule.

(Board approval dates: 3/1/2002, 6/7/2005)

3335-9-19 Instructional and general fees for instructors, graduate teaching associates, graduate research associates, graduate administrative associates, fellows, scholars, and university employees.

- (A) "Fees authorized" are those fees which are paid on behalf of a student through university accounts for the purpose of services rendered, employee benefits or student assistance. A fee authorization provides the authority to spend money from whatever account is specified to pay student fees. All fees must be authorized following procedures promulgated by the office of fees and deposits. An approved fee authorization will be processed as an expenditure against the department and account specified.
- (B) The payment of instructional and general fees may be authorized, except as specifically prohibited by the university, for those within the following classifications:
 - (1) Members of the instructional staff of the university, with the rank of instructor and above who were employed before July 1, 1955 and who are registered in the graduate school, and any member of the teaching staff who, on the approval of the appropriate instructor and department chair or director of a school, enrolls as an auditor (rule 3335-9-11 of the Administrative Code).
 - (2) Graduate teaching associates, graduate research associates, and graduate administrative associates who meet the specified requirements of enrollment and employment may have their instructional and general fees authorized for payment as a benefit for services rendered.
 - (3) Employees of organizations having specific contracts with the board of trustees of the university whereby fees of persons designated by the agreement are authorized, in whole or in part, in lieu of payment for service rendered by the organization to the Ohio state university.
 - (4) Undergraduate and professional students eligible for the authorization of fees under scholarship assistance programs.

- (5) Graduate students eligible for the authorization of fees under university, private, and governmental fellowships and traineeship agreements.
 - (6) Qualified university employees under the provisions of the fee authorization program as administered by the office of human resources. As a general principle, employees who are members of the administrative or clerical staff of the university will not be permitted to take courses except outside of the prescribed working hours.
- (C) The president, subject to the approval of the board of trustees, shall have authority to enter into an agreement with an organization or person not provided for in another category.
- (D) A copy of the agreement and the names of person, or persons, designated to sign and certify fee authorizations will be filed with the office of human resources. All agreements shall contain information as to who is responsible for the overall administration of fee authorizations for these programs. Problems of coordination and individual cases that need interpretation of the rules concerning fee authorizations shall be referred for decision to the office of human resources.
- (E) In all cases where interpretation and application of the rules specified herein are required, the question shall be referred for decision to the office of human resources.

(Board approval date: 6/7/2005)

3335-9-20 Improper admission or registration.

Admission or registration may be cancelled by the director of undergraduate admissions or the university registrar in cases of improper registration or when false or incomplete information is provided on the application for admission, registration forms, or other official documents. No credits earned subsequent to such cancellation and prior to proper admission or registration shall be entered upon the permanent record of the student. Students whose admission or registration is cancelled are not entitled to any refund of fees.

(Board approval date: 5/4/2001)

Absences

3335-9-21 Absences.

Each department or school may make its own rules relative to occasional absences by students from scheduled activities. If, however, a student is absent from a course to such an extent as to imperil his or her credit, or is notably irregular in attendance, it shall be the duty of the instructor concerned to report the facts promptly to the dean of the college in which the student is enrolled. The dean may take such action as deemed appropriate.

3335-9-22 Group absences.

- (A) Whenever possible, group absences shall be planned so that they do not conflict with regularly scheduled classes.
- (B) When a student misses class in order to participate in a university sanctioned event, such as a field trip for another class, or an athletic or band event, or a specially scheduled class or examination scheduled in accordance with rule 3335-8-15 of the Administrative Code, it is the student's

responsibility to present, at the earliest possible date, documentation of the required absence to each instructor whose class is to be missed. Documentation may include a copy of the course syllabus that shows the scheduled activity from a class scheduling an event or special session, or a memo from the instructor, coach, or person in authority requiring the absence. It shall be the responsibility of the instructor of the class or coordinator of the event causing the student to miss class to provide such documentation to the student. This documentation may be the basis of an excuse for an absence from class under the policies provided in rule 3335-9-21 of the Administrative Code.

- (C) Instructors of the regularly scheduled classes which have been missed by students attending special sessions or examinations should make reasonable efforts to assist students who miss a class due to authorized absence. The instructor, however, is not obligated to provide make-up classes, laboratory exercises, field trips, or examinations. The student is responsible for material covered in class during the absence. If an examination will be missed, the student should make alternate arrangements prior to the absence with the instructor of the class.

(Board approval dates: 6/3/1988, 6/4/2004)

Warning and Dismissal

3335-9-23 Minimum scholastic requirements.

- (A) Rules 3335-9-23 to 3335-9-28 of the Administrative Code shall apply only to undergraduate students (as defined in rule 3335-9-01 of the Administrative Code). The academic standards controlling warning, probation, and dismissal of professional and graduate students shall be established by rule of the faculties of the college in which the professional student is registered, or of the graduate school if the student is a graduate student; provided, however, that an undergraduate professional student shall not be dismissed from the university unless he or she has first been placed on probation following his or her most recent past quarter, semester, or term of enrollment.
- (B) Application of rule to transfer students. For the purpose of this rule the point-hour ratio of a transfer student from another university, who is admitted to advanced standing in this university shall be computed only upon work done at this university.
- (C) Requirements and definition. A cumulative point-hour ratio (see rule 3335-8-26 of the Administrative Code) of at least 2.00 is required for graduation (see rule 3335-9-30 of the Administrative Code). Students below a 2.0 will remain eligible to enroll at the university, subject to the terms of their probation, as long as they have not been academically dismissed. Deficiency points are applied only to the records of students whose cumulative point-hour ratio is below 2.00 and are defined as the number of credit points a student would have to earn to bring his or her cumulative point-hour ratio up to that level. Deficiency points may be calculated by subtracting the total number of credit points earned from twice the total number of credit hours attempted for which calculable grades ("A," "A-," "B+," "B," "B-," "C+," "C," "C-," "D+," "D," "E," or "EN") were given.

(Board approval dates: 6/4/2004, 6/7/2005, 4/4/2014)

3335-9-24 Academic warning.

- (A) Any student who has never attended another college or university and who seeks to enroll as a new freshman in this university shall be placed on special warning when his or her application for admission is received and processed if his or her academic credentials indicate the probability of low achievement. The student shall be so informed before final registration and the payment of fees are

completed, except as provided in rule 3335-9-27 of the Administrative Code. The fact that special warning has been given shall be made known to the office of the college or school to which the student seeks admission.

- (B) If, at the end of his or her first semester, summer term, or session, a student subject to the provisions of rule 3335-9-23 of the Administrative Code has earned a point-hour ratio below 2.00, he or she may receive a warning from the dean of his or her college or director of his or her school instead of being placed on probation.

(Board approval dates: 6/22/2012, 4/4/2014)

3335-9-25 Academic probation.

- (A) Any student whose cumulative point-hour ratio has fallen below a 2.00 shall be placed on probation. The probation shall continue provided the student's college considers the student's progress to be satisfactory and shall be removed when the cumulative point-hour ratio has reached a 2.0. The student shall be notified of probationary status by the dean of the college or the director of the school in which the student is registered, except as provided in rule 3335-9-27 of the Administrative Code. Such notification shall include a clear statement of what shall be considered to be satisfactory progress.
- (B) Probation by special action. If at any time the preparation, progress, or success of a student in an academic program is determined to be unsatisfactory, the college or school in which the student is registered shall be empowered to place the student on academic probation. An undergraduate student admitted with conditions and who has not satisfied the conditions after earning thirty semester credit hours through regular course enrollment at this university shall be placed on probation.

(Board approval dates: 6/4/2004, 6/7/2005, 6/22/2012, 4/4/2014)

3335-9-26 Academic dismissal.

If the student's college or school considers a student's progress as unsatisfactory in meeting the conditions placed on his or her probation, the college or school shall be empowered to dismiss the student from the university. An exception to this authority for undergraduate professional students shall be in accordance with paragraph (A) of rule 3335-9-23 of the Administrative Code. Notice of the dismissal shall be sent to the student by the dean of the college or the director of the school in which the student was registered for the semester, summer term, or session, except as provided in rule 3335-9-27 of the Administrative Code. No student shall be subject to academic dismissal unless he or she is currently on probation.

(Board approval date: 5/14/2010)

3335-9-27 Notice of dismissal.

Notice of dismissal from the university shall be sent by the dean of the college in which the dismissed student is registered.

3335-9-28 Reinstatement after academic dismissal.

Any student who may be reinstated by a college or school following academic dismissal shall be subject to such special requirements as may be determined appropriate by the dean of the college or director of the school. If the performance record of any reinstated student does not meet the conditions of probation specified at the time of reinstatement, then the college or school in which the student is registered shall determine whether the student is to be dismissed or continued on probation.

Graduation

3335-9-29 Degrees and certificates.

- (A) Degrees and certificates shall be awarded undergraduate and professional students by the board of trustees upon recommendation of the college or school faculties and the university senate, transmitted to the board by the president.
- (B) Degrees and certificates shall be awarded graduate students by the board of trustees upon recommendation of the research and graduate council and the university senate, transmitted to the board by the president. (See rule 3335-5-35 of the Administrative Code.)

(Board approval date: 6/7/2005)

3335-9-30 Requirements for an undergraduate baccalaureate degree.

To obtain an undergraduate baccalaureate degree from this university, an undergraduate student must:

- (A) Have earned a minimum of thirty semester credit hours through regular course enrollment at this university.
- (B) Have been enrolled in the college or the school recommending that degree during the last semester, summer term, or session necessary to complete degree requirements. The executive committee of the college or the school recommending the degree may, on petition by the student, waive this requirement.
- (C) Have satisfactorily completed the number of credit hours required for the curriculum being pursued. The minimum number of credit hours required in each curriculum shall include the credit hours required under rules 3335-8-06 and 3335-8-07 of the Administrative Code. Credit hours required to satisfy admission conditions shall not be used to satisfy the requirements of rules 3335-8-06 and 3335-8-07 of the Administrative Code. Credit hours are considered as "satisfactorily completed" only if the student has received, at this university, the mark "A," "A-," "B+," "B," "B-," "C+," "C," "C-," "D+," "D," "EM," "K," "S," or "PA" or "PE" in those hours (see rule 3335-8-21 of the Administrative Code).
- (D) Have earned credit points (see rule 3335-8-25 of the Administrative Code) totaling at least twice the number of credit hours attempted at this university for which calculable grades ("A," "A-," "B+," "B," "B-," "C+," "C," "C-," "D+," "D," "E," or "EN") were given.
- (E) Have satisfactorily met all additional college and curricular requirements for the degree involved.
- (F) Have filed an application for the degree in accordance with rules prescribed by the college or school.
- (G) Except for paragraph (B) of this rule, waiver of any part of this rule in the case of individual students may be made only by the council on academic affairs following prior approval by the appropriate executive committee. The executive vice president and provost shall transmit all affirmative actions

of the council on academic affairs under this paragraph to the secretary of the student's college and to the university registrar for notation on the student's permanent record.

3335-13-07 Rules governing faculty, staff, and student participation in companies commercializing university research.

- (A) Objectives.
 - (1) Pursuant to section 3345.14 of the Revised Code, the university board of trustees has determined that the interests of the university will be served if faculty and categories of staff and students defined in paragraph (B)(3) of section B of this rule are afforded the opportunity to hold personal financial interests in university technology commercialization companies. This rule enables the university to realize the benefits of entrepreneurial activities while protecting the integrity of its research, educational, and service mission and to comply with university policies regarding actual and potential conflicts and applicable federal and state laws.
 - (2) A university technology commercialization company is a private commercial entity that is owned in whole or in part by a university employee and that has as one of its purposes the development and/or commercialization of:
 - (a) University-owned technology, or
 - (b) University affiliate-owned technology if any university employee holds a five percent or greater equity interest in the company and the company receives or anticipates receiving consideration from the university as part of a business transaction with the university.
 - (3) Faculty and defined categories of staff and students are encouraged to develop discoveries and inventions with commercial potential; however, they shall do so with due regard to the broader teaching, research, and service mission of the university.
 - (4) Companies owned in whole or in part by a university employee that has as one of its purposes the development and commercialization of university affiliate-owned technology and any university employee holds less than five percent equity interest in the company and/or the company receives or anticipates receiving consideration from the university as part of a business transaction with the university may seek to, but are not obligated to, obtain approval pursuant to paragraph (D) of this rule. If such approval is received, the company shall thereafter be accorded status as a university technology commercialization company for the purposes of this rule.

(B) Jurisdiction.

- (1) The university's ownership of intellectual property created by its faculty and defined categories of staff and students is determined in accordance with section 3345.14 of the Revised Code, federal law, and the university policy on intellectual property, patents, and copyrights.
- (2) This rule shall apply to all faculty who create intellectual property owned by the university or a university affiliate and who hold an ownership interest in a university technology commercialization company.
- (3) This rule shall apply to staff members holding unclassified appointments, graduate associates, and student employees who:
 - (a) Are specifically assigned to engage in research and development activities;
 - (b) Create intellectual property owned by the university or a university affiliate; and
 - (c) Hold an ownership interest in a university technology commercialization company.

(C) Administration.

- (1) Faculty, staff, and students participating in university technology commercialization companies shall follow all applicable university policies.
- (2) Participation in university technology commercialization companies must be approved by the university, including but not limited to the supervisor, tenure initiating unit head, or unit leader; the conflicts of interest administrator; the technology commercialization office; and the office of legal affairs. Such participation shall comport with:
 - (a) Formal consulting and conflict of interest management plans signed by the employee;
 - (b) All applicable policies including but not limited to: faculty professional leave; faculty conflict of commitment; conflict of interest and work outside the university; faculty financial conflict of interest; faculty paid external consulting; and intellectual property, patents, and copyrights; and
 - (c) Any formal agreement with the university technology commercialization company.
- (3) The board of trustees has authorized the technology transfer oversight committee as the university body responsible for the approval and oversight of university technology commercialization companies.
- (4) The university shall designate a conflicts of interest administrator who is the university official responsible for assisting faculty and other employees in identifying, managing, reducing, or eliminating actual or potential conflicts of interest, and in particular for facilitating the development of conflict of interest management plans for faculty, staff, and students participating in university technology commercialization companies.

- (5) Faculty and defined categories of staff and students shall adhere to applicable conflict of interest policies and shall disclose to the appropriate supervisor, tenure initiating unit head, or unit leader any financial interests held in a firm, corporation, or other association.
 - (6) Supervisors, tenure initiating unit heads, and unit leaders are responsible for ensuring that faculty and defined categories of staff and students who participate in university technology commercialization companies comply with all applicable university policies.
- (D) Approval process for university technology commercialization companies.
- (1) Faculty and defined categories of staff and students who wish to participate in a university technology commercialization company must first obtain approval from the appropriate supervisor(s) as described in paragraph (C)(2) of this rule. The technology commercialization office will be responsible for establishing the business terms of the transaction between the company and the university or a university affiliate, and the conflicts of interest administrator will facilitate the development of a conflict of interest management plan.
 - (2) The technology transfer oversight committee will review the sufficiency of business terms and conflict of interest management plans relating to university technology commercialization companies. Written approval from the technology transfer oversight committee must be obtained before any business agreements relating to a university technology commercialization company are finalized.
 - (3) Faculty and defined categories of staff and students who wish to participate in a university technology commercialization company shall not participate in the ongoing negotiation of option and licensing terms between the company and the university or a university affiliate.
 - (4) The faculty, staff, or student's supervisor, tenure initiating unit head, or unit leader must be active participants in the development of the conflict of interest management plan relating to a university technology commercialization company.
 - (5) If a supervisor, tenure initiating unit head, or unit leader has a financial interest or is a co-participant with faculty, staff, or students in a university technology commercialization company, another administrator must be appointed to perform the responsibilities of the supervisor, tenure initiating unit head, or unit leader.
 - (6) If the technology transfer oversight committee determines that, for any reason, it is not possible for the supervisor, tenure initiating unit head, unit leader, or another administrator to provide effective oversight of a transaction involving a university technology commercialization company, the transaction shall not be approved.
- (E) Responsibilities to the university.
- (1) Faculty should not allow their financial interests in a university technology commercialization company to influence their teaching, or to interfere with their relationships with other faculty. In particular, research assignments for students should be based on the students' interests and academic development. While faculty are permitted by the policy on faculty paid external consulting and this rule to engage in authorized private business activities relating to their university positions, they continue to be responsible for the performance of all of their university teaching, research and service obligations.
 - (2) Staff may engage in activities relating to a university technology commercialization company during regularly assigned working hours only if they take approved leave. Staff may pursue

only those research projects that will advance the missions of the university and the employing unit, without regard to the financial interests of individual employees, and that are authorized by their supervisor, tenure initiating unit head, or unit leader.

- (3) Student employees may not engage in activities relating to a university technology commercialization company during regularly assigned working hours.

(F) Conflict of interest management standards.

- (2) Faculty and defined categories of staff and students should not hold permanent management positions in university technology commercialization companies. To ensure the application of this principle, agreements between the university or a university affiliate and a university technology commercialization company should contain enforceable milestones for the reduction of any management responsibilities.
- (3) Faculty shall not allow their activities with university technology commercialization companies to consume a disproportionate amount of their professional attention. Faculty engaged in authorized private business activities who are unable to perform all of their university responsibilities must reduce those business activities or request a reduction of appointment or other approved leave in accordance with university policies. Faculty professional leave authorized under section 3345.28 of the Revised Code shall not be used for private business purposes.
- (4) Staff who are unable to perform all of their university duties because of activities in connection with university technology commercialization companies must reduce those business activities or request a reduction of appointment or other approved leave in accordance with university policies.
- (5) As stipulated in the graduate school handbook, research benefiting a university technology commercialization company may not be used to satisfy the criteria for a thesis or dissertation if the material is restricted from publication. Faculty must inform the student in writing of this publication restriction prior to the start of the student's research.
- (6) A student may not be employed by or hold equity interest in a university technology commercialization company in which a faculty member has an ownership interest if the faculty member has a supervisory, teaching, evaluation, advising, coaching, or counseling relationship with the student.
- (7) Students may be employed by a university technology commercialization company, subject to the limitation set forth in paragraph (F)(6) of this rule. Student employment by a university technology commercialization company requires a sponsored research agreement or other formal internship agreement through the university in which the student's rights and obligations are disclosed.
- (8) The university may not enter into any agreements with university technology commercialization companies for the purchase, sale, or rental of equipment, supplies or services other than those explicitly authorized by the technology transfer oversight committee.

- (9) Faculty and staff who are not directly involved with research and development of technology licensed to a university technology commercialization company or the development of that company may hold equity interests in that company, barring the presence of undue influences (e.g., supervisory, teaching, evaluation, advising, coaching, or counseling relationships) and subject to university policies and section 2921.42 of the Revised Code.
- (10) University regulatory review boards including, for example, the institutional review board and the institutional animal care and use committee, may be used for research benefiting a university technology commercialization company pursuant only to a sponsored research agreement and any other university policies.
- (11) Faculty or staff may not be the principal investigator in sponsored research projects funded by university technology commercialization companies in which they have an interest if the projects involve approval by the institutional review board or if they are veterinary clinical trials involving the use of animals unless provided for by other university policies. For sponsored research not requiring institutional review board or institutional animal care and use committee oversight, faculty or staff may assume the role of principal investigator if a formal research integrity plan approved by the technology transfer oversight committee, the conflicts of interest administrator, and the office of legal affairs is in place.
- (12) Agreements for sponsored research projects funded by university technology commercialization companies must include, at a minimum, a requirement for full university publication rights and fully negotiated cost recoveries. The office of research must approve exceptions to these conditions.
- (13) Faculty and staff participating in university technology commercialization companies approved pursuant to this rule continue to be bound by the university policy on intellectual property, patents and copyrights and all other applicable university policies.
- (14) New inventions and/or discoveries made as a result of a faculty or staff member's research efforts for a licensee of university-owned technology or a licensee of a university affiliate-owned technology, where the faculty or staff member holds in whole or in part an ownership interest in the licensee, including those made under formal consulting agreements, will be owned by the university, and the licensee will be offered an exclusive option to the technology. New inventions and/or discoveries developed by the faculty, staff member or student for the company must be disclosed to the technology commercialization office as required by the policy on intellectual property, patents, and copyrights.

Research misconduct does not include honest error or differences of opinion.

(A) Objectives.

- (1) The policy shall aim to protect both the integrity and the reputation of research and scholarship produced by members of the university community.

- (2) The policy shall aim to protect the integrity and reputation of the university and its scholars from false or unproven allegations of research misconduct. For this reason, the university assumes that a person accused of research misconduct is innocent of any allegations until the contrary has been established by a final decision reached under the policy and the applicable disciplinary rules or procedures. The procedures undertaken pursuant to the policy are intended to be investigatory, not adversarial.

(B) Jurisdiction.

- (1) The policy shall apply to all university personnel who may be involved with research activities, including faculty members, staff, students, research associates and fellows, post-doctoral fellows, and other research trainees.

Such cooperation shall include providing research records and other relevant information to the senior vice president for research and/or his or her designee.

(C) Confidentiality.

To the extent possible within the law and in accordance with the need to conduct a thorough inquiry, all participants in the actions initiated pursuant to the policy shall keep confidential all information regarding allegations and proceedings until the university process, including any disciplinary action, has concluded and all avenues of appeal under the university rules (if pursued) have been exhausted. The vice president for research shall be the university official responsible for determining when a release of information is necessary or appropriate.

(D) Administration of the policy.

- (1) The vice president for research shall be responsible for disseminating the policy to the research community and handling all allegations of research misconduct. In order to foster broad familiarity with the policy, as well as its flexibility regarding changing standards external to the university, the full policy document shall be publicized by the office of academic affairs, the graduate school, the office of human resources, the office of research, the university research committee, the office of undergraduate research, and the university senate.
- (2) The vice president for research shall designate a coordinator to assist in administering the policy. The person appointed as coordinator shall not be university counsel acting in that capacity, but shall consult with university counsel to ensure that the requirements of the law and university policy are being satisfied.

(E) Administrative Actions.

The vice president for research may, during proceedings under the policy or any subsequent investigation, take whatever administrative actions that are in his or her judgment needed to ensure

the integrity of the investigation and to protect research funds or equipment or the legitimate interest of patients or clients.

(F) Definitions.

The key terms for the policy shall be defined in the policy document.

(G) Procedures.

- (1) The policy shall describe procedures pertaining, but not limited to: assessing whether an allegation has been made in good faith and has merits; investigating pursuant to such findings; the role of administrators and other individuals in the process; the time line for such investigations; protecting data; reporting to sponsors and clients; and sanctions.
- (2) A finding of research misconduct requires that:
 - (a) There be a significant departure from accepted practices of the relevant research community;

(D) If the petition requesting a special meeting specifically requests a meeting at the earliest date and is transmitted with the necessary supporting material for distribution to the membership, then a special meeting shall be called within eight days of receipt of the petition by the secretary of the university senate.

(E) Written notice of the time and place of regular or special meetings, the order of business, and copies of any substantive proposals shall be sent to all members and alternate members at least five days prior to the senate meeting.

(F) At a time of emergency the president shall have authority to call a special meeting without a five day advance notice.

(G) All senate meetings shall be open to the public.

(Prior effective dates: 2/19/1988, 7/30/2001, 7/30/2010; Board approval dates: 6/22/2012, 6/6/2014, 2/27/2020, 2/10/2022)

3335-19-03 Agenda.

(A) Every meeting of the senate shall have an agenda. The agenda shall include the time and place of the meeting, order of business, and copies of any substantive proposals.

(B) The steering committee shall establish the agenda for all regular meetings. For this purpose, the steering committee

- (1) Shall receive through the university senate office proposals for senate action or other presentations to the senate from any committee of the senate, or university committee or council, or member of the senate, or any member of the university community.
- (2) Shall refer all substantive proposals for senate action to appropriate committees for review prior to entering them in an agenda, unless the proposal has been generated in such committee and has been so treated.
- (3) Shall, as soon as practicable, include in the agenda of a regular meeting all items submitted by any committee of the senate, or university committee or council, or member of the senate.
- (4) Shall set the agenda so that the scheduled business can be disposed of in a meeting of reasonable duration.
- (5) Shall include with each agenda an estimate of the time necessary to complete the regularly scheduled business of the senate.
- (6) May advise the senate of the apparent need for a special meeting.

In special meetings, the specific purpose set by the initiators of the special meetings shall take precedence over all others. Additional agenda items established by the steering committee may follow if time permits.

- (C) The secretary of the university senate shall send and make available electronically copies of the agenda for all senate meetings to all members and alternate members at least five days prior to the meeting.

(Board approval dates: 3/13/1978, 11/28/1983, 2/19/1988, 1/7/2001, 7/30/2010, 4/6/2018)

3335-19-04 Order of business.

- (A) The order of business for all meetings shall be as set forth in the agenda, except that the order of business and allocation of time may be altered by an action approved in the meeting. Upon completion of the business described in the agenda, the regular meetings shall proceed in the following order:

- (1) Unfinished business
- (2) New business
- (3) Comments and announcements
- (4) Adjournment

- (B) A special meeting shall be limited to the purposes stated in its agenda.

(Board approval date: 3/13/1978)

3335-19-05 Floor privileges.

Proposals, measures, and resolutions shall be introduced on the senate floor by members of the senate only. Members of the university community who are not members of the senate may be granted the right to speak, but not to vote, on matters before the senate. When a request is made for this privilege, the chair shall ask the senate for objections and, hearing none, shall grant permission to speak. If objections are raised, the privilege shall be extended only by an action of the senate.

(Board approval date: 3/13/1978)

3335-19-06 Quorum and voting.

- (A) A simple majority of the voting membership of the senate, whether attending in person or virtually, shall constitute a quorum for the conduct of the senate's business. The same quorum, a simple majority, shall be required of each committee of the senate.
- (B) Action by the senate shall be by vote of a majority of members present, except as otherwise required by these rules or by the latest revision of "Robert's Rules of Order."

(Board approval dates: 3/13/1978, 5/25/1991, 8/1/2005, 2/10/2022)

3335-19-07 Proposals for senate action.

- (A) Proposals for senate action shall be classified as either routine or substantive, and treated accordingly.
- (B) Routine proposals are those that do not establish or alter university policies, such as approval of the minutes or acceptance of reports or appointment of committee personnel, and include the call of a special meeting. Such proposals may be introduced and acted upon in any meeting, subject only to the test of germaneness.
- (C) Substantive proposals are those that establish or alter an academic program of study, or rules or bylaws within the senate's purview. Substantive proposals shall be:
 - (1) Submitted to the university senate office in the complete and exact form intended for senate debate and adoption, and shall be processed by the steering committee following rule 3335-19-03 of the Administrative Code, except that proposals for presentation at a special meeting need not be submitted to the steering committee. If a substantive proposal is referred to a committee by the steering committee or by the senate, and any subsequent suggested changes are not acceptable to the originators of the proposal, then the steering committee shall place the original proposal and the suggested changes in the same agenda.
 - (2) Sent to all members and alternate members of the senate as part of the agenda at least five days prior to the meeting.
 - (3) Moved and seconded by members of the senate and then opened for floor debate. The proposal may then be amended, referred to committee in whole or in part, tabled, postponed, divided, and/or adopted or rejected.
 - (a) Amendments offered in floor debate are classified as minor or substantive. A substantive amendment alters the sense or strength of the original proposal. Determination of the status of an amendment is made by ruling of the chair or by vote of the senate. Classification may be made at the time a motion to amend has been made and seconded or after the senate has voted affirmatively in favor of the motion to amend.
 - (b) If a motion from the floor is passed and is declared to be substantive, it cannot become effective until the next meeting of the senate. At that time it must be reconsidered, unless the committee which submitted the original proposal has requested a continuation from the steering committee. In case of a continuation, the steering committee shall, as soon as practicable, place the amendment on the agenda for reconsideration. The committee which submitted the original proposal shall be afforded the opportunity to present arguments against the amendment or to move substitute language for the amendment at the time of reconsideration. If substitute language is approved by the senate, the amendment as modified will become effective at that time. If substitute language is defeated or is not presented, the senate shall vote on reaffirmation of the amendment in the form originally passed except for possible changes of a purely editorial nature. The amendment may be reaffirmed and become effective at that time or it may be defeated. (This section may be set aside by a successful motion to suspend the bylaws of the senate as prescribed in paragraph (C) of rule 3335-19-13 of the Administrative Code.)
- (D) Substitute statements or suggested amendments which are included in an original proposal and distributed in an agenda shall each be acted upon as a substantive proposal.

- (E) Substitute statements or suggested amendments proposed by any senate or university committee or by any member of the senate, shall be received by the steering committee and shall be scheduled in the same agenda as the original proposal.
- (F) Prior to a senate vote a proposal that establishes or alters rules or bylaws within the senate's purview shall be reviewed by the rules committee, which may recommend changes in accordance with paragraph (B)(4) of rule 3335-5-47.3 of the Administrative Code.

(Board approval dates: 3/13/1978, 2/6/1983, 1/15/1987, 5/3/1987, 7/30/2001, 7/30/2010, 2/10/2022)

3335-19-08 Reports.

- (A) Any member(s) of any committee of the senate may report on any matter before the committee. A report by a minority of one may be denied a hearing by vote of two-thirds of the members of the senate present. A majority of the members of the senate present and voting may require a standing committee to report at the next regular meeting of the senate.
- (B) Written notification of intent to present a report shall be submitted to the university senate office at least twelve days preceding the senate meeting. The steering committee shall decide whether a written report is required to be included with the senate agenda mailing.
- (C) Reports on which no senate action other than acceptance is requested, may be distributed with the agenda and presented by the secretary of the university senate by reporting the title, source, and date of receipt. If an oral presentation of a written report is to be made at the senate meeting, such oral presentation shall be limited to a short summary of the written report and to responses to questions concerning the report from members of the senate.
- (D) Reports for which written versions are not required by the steering committee may be included on the senate agenda. The secretary of the university senate shall be provided with a written synopsis when the report is presented.

(Board approval dates: 3/13/1978, 11/28/1983, 7/30/2010)

3335-19-09 Office of the university senate.

There shall be a permanent office of the university senate, administered by the secretary of the university senate, to facilitate the orderly conduct of the meetings of the senate and the work of the committees of the senate. The office shall also be responsible for maintaining liaison between the senate and university committees. The staff shall consist of the secretary of the university senate and at least one full-time recording secretary.

(Board approval date: 3/13/1978)

3335-19-10 Attendance.

Members of the senate shall attempt to avoid conflicts between their academic schedule and the meetings of the senate and related committees. In the event of unavoidable conflict, it is expected the members will choose that resolution most favorable to their academic obligations. All members are expected to arrange for attendance by an alternate member at those senate meetings the member is unable to attend.

A committee member who misses all committee meetings in a semester may be removed by the committee chair and replaced, as appropriate, by an appointment made by the executive committee of faculty council, student leadership, the office of the president, or other relevant appointing body. Any mitigating circumstances should be reported to the committee chair and the chair should keep and report attendance records to the university senate office and the senate constituencies.

(Prior effective date: 3/13/1978; Board approval dates: 2/11/2011, 6/6/2014)

3335-19-11 Minutes and reports of senate meetings.

- (A) Official minutes of the senate meetings shall be taken and kept by the secretary of the university senate. A secretary's report of action taken at each meeting of the senate shall be sent to all members and alternate members after each meeting, and approved by senate action in a subsequent meeting.
- (B) The official record and minutes of all senate meetings shall be those "Secretary's Reports on Actions of the Senate," together with the appropriate supporting and reference documents, as have been submitted to and accepted by the senate. The secretary shall also have taken and have preserved, for reference purposes, verbatim electronic sound recordings of all proceedings in senate meetings.

(Board approval dates: 3/13/1978, 11/28/1983, 2/19/1988)

3335-19-12 Transmittal and record of senate actions.

- (A) The secretary of the university senate shall transmit the results of senate actions to the president, board of trustees, and other appropriate agencies.
- (B) The secretary shall maintain and periodically communicate to the members and alternate members of the senate and to the university faculty a record of those actions of the senate having continuing effect, and not published in the "Rules of the University Faculty."
 - (1) At least once each year the secretary shall send a summary of such actions to all members and alternate members of the senate.
 - (2) A permanent record of such actions shall be maintained in the office of the university senate. This record shall be available for review by any member of the university community.

(Board approval dates: 3/13/1978, 2/6/1983, 11/28/1983, 7/4/1987)

3335-19-13 Amendments and suspensions.

- (A) These bylaws may be amended as provided for in rule 3335-5-45 of the Administrative Code. Such proposals shall be substantive proposals (Rule 3335-19-07 of the Administrative Code) and shall be introduced in the agenda of a regular or special meeting.
- (B) The secretary of the university senate, with the concurrence of the rules committee, is entrusted to make non-substantive emendations in diction and grammar, and is authorized to change titles of administrative offices, administrative officers, academic units, or student constituent groups in these bylaws following appropriate action on these title changes by the senate or the board of trustees.
- (C) These bylaws may be suspended for a single and designated purpose. A proposal to suspend a provision of the bylaws may be introduced and acted upon in the same meeting, as a routine proposal,

provided that the suspension shall be germane to only one specific proposal, and the suspension is affirmed by a two-thirds vote.

(Board approval dates: 3/13/1978, 4/27/1986, 8/5/1996)
